Annual Report of the Town of

WEARE, NH

1991

WEARE TOWN SEAL: (Cover) Weare's official Town Seal is the result of a gift of an official medallion created to mark the Town's commemoration of the bicentennial of the Pine Tree Riot on April 14, 1972. The medallion was issued by the Weare Junior Historical Society under the direction of Bill Herman, James Rice and Mark Hyman. The design was accepted as the official town seal at the March 4, 1975 Town Meeting.

The Town Seal commemorates the incorporation of the Town of Weare in 1764; the Pine Tree Riot of April 14, 1772, one of the first acts of rebellion by colonists against the British crown prior to the American Revolutionary War; the establishment of the first shoe manufacturing facility in the United States along the banks of the Piscataquog River in Weare in 1823; and the great flood and hurricane of 1938 which had devastating affects on the Town of Weare.

A replica of the Town Seal was designed and painted by former Town Moderator Gordon M. Tiffany in 1979. The brightly-colored seal, which features egg-tempera paints created by the artist, is hanging in the Town Clerk and Tax Collector's Office in the Town Office Building.

THE WHITE HOUSE

WASHINGTON

August 28, 1991

Dear Mr. Herman:

Congratulations on receiving the Grassroots Government Leadership Award from the National Association of Towns and Townships. This award underscores the respect that you have earned among your colleagues and your constituents.

Time and again, experience has shown us that the best solutions to local problems often come from the local level. As you know, while the Federal Government can offer valuable support and guidance, it is no replacement for strong State and local leadership. Every community is unique, both in terms of its troubles and in terms of its resources, and municipal leaders like you are most likely to have firsthand knowledge of what works -- and what doesn't.

Your vigorous efforts in the areas of education, transportation, and waste management reflect a strong commitment to public service, and I applaud your sense of dedication.

You have my best wishes for continuing success.

Sincerely,

Mr. William G. Herman
Member
Board of Selectmen
Town of Weare, New Hampshire

William G. Herman, Selectman, receiving the "Grassroots Government Leadership Award" from the National Association of Towns and Townships. Award presented by Lothar Wolter, Jr., (Young American Township, MN) NATT President.

TOWN ADMINISTRATORS REPORT

As I enter my third year as Town Administrator, I look forward to the many challenges that face the Town and reflect on what the Town has accomplished. The Board of Selectmen has provided the guidance, and, the town meeting the fiscal responsibility, to meet these future challenges and past accomplishments. Presently the population stands at 6,200; as Weare continues to grow, the Town has to look at how its growth will ultimately affect its future.

In the area of solid waste, the Town has accomplished what many other towns in New Hampshire have not been able to do, and that is to close the town's landfill. We also built the Transfer Station and the Recycling Facility to handle our present and future requirements.

Another project, which started in 1991 and will be completed in 1992, is the addition to the Weare Public Library. This new addition more than doubles the area of the existing library and will provide necessary space for future growth. This project shows how sound fiscal planning by the Library Trustees, the Board of Selectmen and citizen groups can accomplish necessary projects with minimal impact on the Town's tax rate.

The Town's Road Agent is working on projects that will have long-term impact on our ability to maintain existing roads and bridges. The Highway Department is completing road reconstruction work on Mountain School Road and Barnard Hill Road. The Road Agent has proposed, through a Capital Reserve Fund, a bridge improvement study. This study would allow the town to apply for future State funds for bridge improvements. Presently, sixteen town bridges are in desperate need of work from deterioration and old age.

Public Safety is a major concern when a town like Weare grows 91% in a ten-year period. Our Fire Department is replacing equipment and vehicles to meet these concerns. The Fire Chief continues his training programs so both Rescue and Fire personnel will be able to meet all State and Federal requirements.

As a reminder, the Fire Department and Rescue Squad are always looking for responsible volunteers.

The Police Department is looking at how the Town can protect it's citizens from criminal activity. The Police Chief has proposed replacement of a cruiser with 130,000 miles and to upgrade the communication system. This will provide the Police with the ability to maintain the present level of protection. The March Town Meeting will decide if the Town requires additional full-time police officers.

The Board of Selectmen will continue with the plan to upgrade and replace equipment in the Town Office. The computer system will be upgraded with two additional computers and necessary software. We also need to replace the present photocopier due to increase in use and the high maintenance cost of a seven year old machine.

The Town is fortunate to have members of the Board of Selectmen who put in long hours studying all the information needed to make sound fiscal judgements and to prioritize the request from department heads. These are all areas that need attention by the Board of Selectmen. This is obvious in 1991 when the Town's portion of the tax rate was reduced by 20% and at the same time kept the present level of service the citizens of Weare expect.

As we focus on the new fiscal year, we must proceed with caution. We will weigh the ability of our taxpayer to meet these present and future obligations while following a sound spending plan.

I would like to thank the Board of Selectmen, all Board and committee members, department heads and fellow employees for all their hard work, dedication and assistance during the past year.

We, at the Town Office, would hope that you will take the opportunity to stop by and visit with us and convey your opinions throughout the year. Your comments are important to us.

Respectfully submitted,

Joseph A. Kelley
Town Administrator

TOWN WARRANT
MARCH 10, 1991
THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 10:00 AM TO 7:00 PM TO THE INHABITANTS OF THE TOWN OF WEARE IN THE COUNTY OF HILLSBOROUGH IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Weare Town Hall in said Town of Weare on Tuesday the 10 day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

ARTICLE 1: To choose all necessary town officers for the following year. (By Official Ballot)

ARTICLE 2: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To clarify the intention that the size of signs of 32 square feet is per side? (By Official Ballot)

ARTICLE 3: Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To delete Article 28, Section b 7.3, Special Exceptions, and create Article 28, Section 6.7 in order to allow the Planning Board to determine if a use is substantial enough to require a Special Exception within the Wetlands Zone? (By Official Ballot)

ARTICLE 4: Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board of the Town Zoning Ordinance as follows: To amend Article 4, Section 4.1, Definition to include the definition of Campgrounds pursuant to the State Statutes (RSA 216-I:1-14)? (By Official Ballot)

ARTICLE 5: Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To amend Article 27, Section 27.3.7 to eliminate the requirement that all parking within a cluster development be paved? (By Official Ballot)

ARTICLE 6: Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To amend article 27, Section 27.3.9, buffer strips by reducing the requirement that cluster developments have to 100 foot buffer to require a 50 foot buffer? (By Official Ballot)

ARTICLE 7: Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To amend Article 18, Section 18.2.4, Setbacks and Frontage section by requiring that the distance from septic system to drinking water be 100 feet except when located within Soil type classification 1 where the distance would be not less than 125 feet? (By Official Ballot)

ARTICLE 8: Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the Town Building and Permit Ordinance as follows: To amend Article 4 of the National Building Code, Eleventh Edition/1990; the NFPA 101 Life Safety Code, 1991; the BOCA National Plumbing Code/1990; the BOCA National Fire Prevention Code/1990; the BOCA National Mechanical Code/1990; the CABO One and Two Family Dwelling Code/1989 with the 1990 and 1991 Amendments; and the National Electric Code; 1990, along with the currently adopted additions, insertions, deletions and changes to these codes. In addition, certain new additions, insertions, deletions and changes to these codes have been made in order to conform these National Building Codes and Ordinance with State laws, rules and regulation. (By Official Ballot)

ARTICLE 9: To amend Section 4.1.8 and Section 4.6.2 of the Ordinance which may require that a certified site plan be submitted to the Building Inspector prior to the placement of the foundation on any lot? (By Official Ballot)

ARTICLE 10: Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend the Weare Zoning Map, by changing Weare Tax Map 203, Lot #4040 from Commercial (C) to Village District? (By Petition) (APPROVED by the Planning Board) (By Official Ballot)

NOTE: IN ACCORDANCE WITH THE VOTE OF TOWN MEETING OF MARCH 6, 1973, ARTICLES 11 THROUGH 45 WILL BE TAKEN UP AT AN ADJOURNED SESSION OF THIS MEETING ON MARCH 14, 1992, AT 10:00 AM IN THE MULTI-PURPOSE ROOM OF THE CENTER WOODS ELEMENTARY SCHOOL.

ARTICLE 11: To see if the Town will vote to authorize the Selectmen and the Town Treasurer to borrow on behalf of the Town in anticipation of taxes, or to take any other action in relation thereto.

ARTICLE 12: To see if the Town will authorize the Selectmen to apply for, accept and expend Federal and State Grants and other Funds which may become available during the course of the year, to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money, and also to accept gifts of real and personal property from any governmental unit or private source, provided that such grants and other monies and gifts do not require the expenditure of other Town funds; and that a public hearing shall be held by the Selectmen prior to the receipts and expenditure of such grants and monies, all as provided by RSA 31:95-b, or to take any other action in relation thereto.

ARTICLE 13: To see if the Town will authorize the Selectmen to accept gifts of personal property, other than money, which may be offered to the Town for any public purpose; prior to the acceptance of any such gift, the Selectmen shall hold a public hearing on the proposed acceptance; no acceptance of any personal property under the authority of this Warrant shall be deemed to bind the Town to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of such personal property, all as provided in N.H. RSA 31:95-e, or to take any other action in relation thereto.

ARTICLE 14: To see if the Town will vote to authorize the Trustees of the Weare Public Library to apply for, accept and expend, without further action by Town Meeting, gifts or grants from state, federal or other governmental unit or a private source which becomes available during the fiscal year. Such gifts or grants shall be used only for legal purposes for which a town may appropriate money and shall not require the expenditure of other town funds pursuant to RSA 202-A:4-c, or to take any other action in relation thereto. (By Petition)

ARTICLE 15: To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the Town by Tax Collector's deed by public auction, advertised sealed bid or in other such manner as determined by the Selectmen as justice may require, except for any parcels of land larger than five acres if land only, or larger than ten acres if a dwelling is present. Any and all sales are to follow the provisions of RSA 80:42 or RSA 80:80, Sale of Tax Liens/Tax Deeded Properties, or to take any other action in relation thereto.

ARTICLE 16: To see if the Town will vote to authorize the Selectmen to sell any used or surplus Town equipment by advertised sealed bid or public auction, or to take any other action in relation thereto.

ARTICLE 17: To see if the Town will vote to accept gifts, bequests and trust funds received during the year, or to take any other action in relation thereto.

ARTICLE 18: To see if the Town will vote to authorize the Tax Collector to accept prepayments of property taxes, or to take any other action in relation thereto.

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of \$2,172,765.00 to defray general government charges for the ensuing year.

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of \$64,296.00 for the operation of the Library, or to take any other action in relation thereto. (By Petition)

ARTICLE 21: To see if the Town will vote to raise and appropriate the sum of \$4,972.00 for the purpose of subsidizing the cost of services provided by the Contoocook Valley Counseling Center to Weare residents needing financial assistance, or to take any other action in relation thereto.

ARTICLE 22: To see if the Town will vote to raise and appropriate the sum of \$164,655.00 for reconstruction and resurfacing of roads, including \$89,156.00 for principal and interest payments on the Road Improvement Bond approved by the 1990 Town Meeting. Of the sum of \$164,655.00, the sum of \$116,067.00 would be received from Highway Block Grant Funds from the State of New Hampshire, pursuant to RSA 235; and the balance of \$48,588.00 would be received from various Capital Reserve Funds previously established by the Town, or to take any other action in relation thereto.

ARTICLE 23: To see if the Town will vote to authorize the withdrawal of a total of \$48,588.00 from various Capital Reserve Funds previously established for specific road reconstruction and improvement projects. Of the \$47,058.00, the sum of \$4,975.00 and all accrued interest would be withdrawn from the Colby Road Capital Reserve Fund previously established; and the sum of \$15,273.00 would be withdrawn from the Sugar Hill Road South Capital Reserve Fund previously established; the sum of \$28,340.00 and all accrued interest would be withdrawn from the Mountain Road/Mountain School Road Capital Reserve Fund previously established, or to take any other action in relation thereto.

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of \$15,683.00 for the purpose of leasing a Dresser 850 Motor Grader for the use of the Highway Department, and to authorize the withdrawal of this sum from the Highway Grader Capital Reserve Fund previously established, or to take any other action in relation thereto.

ARTICLE 25: To see if the Town will authorize the withdrawal of \$192,685.00 and all accrued interest at the time of withdrawal from the Reservoir Drive Bridge Capital Reserve Fund for the replacement of two bridges, and to authorize the Board of Selectmen as the agents to expend as needed for that purpose, or to take any other action in relation thereto.

ARTICLE 26: To see if the Town will vote to accept at Town Meeting the following roads as Class V (town-maintained) roads, effective March 14, 1992. (By Petition)

Fieldstone Circle (1,552')	Jewett Road (8,614')
Branch Road (3,997')	Birchwood Drive (973')
East Shore Drive (4,904')	Pondside Road (704')
Pondview Road (4,200')	Ella Lane (366')
Wayne Drive (1,248')	Roger Young Road (2,427')
Arthur Road (1,144')	Davis Road (772')
Blake Road (2,954')	Grace Drive (1,179')
Hodgdon Drive (2,123')	Pinewood Road (2,313')
Reynwood Lane (1,179')	Chevy Hill Road (1,222')
Scott Avenue (1,983')	Oliver Road (3,200')
Cottage Road (5,085')	Craig Road (1,153')
Ledge Road (505')	Thurber Road (1,375')
Waterman Road (1,230')	Winter Road (2,279)
Hejo Road (1,152')	Daniels Road (2,470')

ARTICLE 27: To see if the Town will vote to authorize the Board of Selectmen to draft and adopt a NOISE CONTROL ORDINANCE, which will regulate noise emanating from the use of radios, televisions sets, musical instruments, and similar devices during specified hours of the day, and to take any other action pursuant thereto. (By Petition)

ARTICLE 28: To see if the Town will vote to adopt the provisions of RSA 676:17-a. This statute permits the Building Inspector/Code Enforcement Officer, or Zoning Administrator, to issue Cease & Desist Orders for violations of the building code, zoning ordinance, subdivision and/or site plan regulations. Such Cease & Desist Orders can result in an Order from the District Court permitting the Town to recover judgement for the cost of any corrective action necessary because of the Building Code Zoning Ordinance or planning regulation violation. Expenses incurred by the Town to carry out corrective action will then become a lien on the property of the real estate of the owner, which can be collected in the same fashion as a lien on the property for nonpayment of real estate taxes, including tax sale, tax lien and tax deeds, or to take any other action in relation thereto.

ARTICLE 29: To see if the Town will vote to reclassify that section of Balch Hill Road from Mountain School Road approximatly 793 feet from Class VI to Class V Town mainitained, or to take any other action in relation thereto.

ARTICLE 30: To see if the Town will vote to establishPa Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a Town of Weare Bridge Improvement Fund, to designate the Board of Selectmen as the agents to expend, and to raise and appropriate the sum of \$ 35,000.00 to be placed in this fund, or to take any other action in relation thereto.

ARTICLE 31: To see if the Town will vote to raise and appropriate the sum of \$2,375.00 for the purchase of two portable radios and a new base radio for the Police Department, or to take any other action in relation thereto.

ARTICLE 32: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the purchase of three additional computer terminals, software and a tape backup system for the Police Department, or to take any other action in relation thereto.

ARTICLE 33: To see if the Town will vote to raise and appropriate the sum of \$17,310.00 for the purchase of a replacement police cruiser and radio, or to take any other action in relation thereto.

ARTICLE 34: To see if the Town will vote to raise and appropriate the sum of \$31,380.00 to be added to the Police Department budget for the sole purpose of hiring two (2) police officers, or to take any other action in relation thereto. The hiring of the two (2) full-time officers is to be accomplished no later than July 1, 1992. (By Petition)

ARTICLE 35: To see if the Town will vote to raise and appropriate the sum of \$33,300.00 for the purchase of 20 Air Packs for the Fire Department, or to take any action in relation thereto.

ARTICLE 36: To see if the Town will vote to raise and appropriate the sum of \$4,134.00 for the purpose of final payment plus interest for the Fire Truck leased in 1991, or to take any other action in relation thereto.

ARTICLE 37: To see if the Town will vote to raise and appropriate the sum \$12,000.00 to cover the costs of the Town's participation in a local Household Hazardous Waste Collection in 1992. These monies are to be supplemented by State Matching Funds in the amount of 25 cents per capita from the New Hampshire Department of Environmental Services, Waste Management Division. Any unused monies are to be returned to the General Fund, or to take any other action in relation thereto.

ARTICLE 38: To see if the Town will raise and appropriate the sum of \$5,000.00 for the purpose of purchasing one roll-off container for the Recycling Center, or take any other action in relation thereto.

ARTICLE 39: To see if the Town will raise and appropriate the sum of \$10,000.00 to be added to various Capital Reserve Funds previously established including:

Cemetery Construction	\$4,000.00
Town Hall & Stone Fund Building Restoration	\$2,500.00
Chase Park & Town Ballfield Improvement	\$1,000.00
Rescue Squad Vehicle	\$2,500.00

or to take any other action in relation thereto.

ARTICLE 40: To see if the Town will vote to raise and appropriate the sum of \$9,521.00 for the completion of the construction of the addition to the Weare Public Library, and to authorize the withdrawal of this amount and all accrued interest from the Library Addition Capital Reserve Fund created for that purpose, or to take any other action in relation thereto.

ARTICLE 41: To see if the Town will vote to establish a Capital Reserve Fund under the provision of RSA 35:1 for the purpose of a Town Office Restoration Capital Reserve Fund, to designate the Board of Selectmen as the agents to expend and to raise and appropriate the sum of \$2,500.00 to be placed in this fund, or to take any other action in relation thereto.

ARTICLE 42: To see if the Town will vote to raise and appropriate the sum of \$21,632.00 for capital improvements and/or expenditures for the ensuing year including:

Town Office Photocopier	\$8,700.00
Cemetery Restoration	\$2,500.00
Master Plan Update	\$5,000.00
Restoration of Documents	\$2,432.00
Computer Equipment	\$3,000.00

or to take any other action in relation thereto.

ARTICLE 43: To see if the Town will vote to change the purpose of the Town Hall and Town Office Parking Lot Paving Capital Reserve Fund previously established to the Town Office Parking Lot Paving Capital Reserve Fund, to designate the Board of Selectmen as the agents to expend and to raise and appropriate the sum of \$1,000.00 to said fund, or to take any other action in relation thereto.

ARTICLE 44: To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to use for boundary maintenance in the Town Forest and to authorize the withdrawal of \$2,000.00 for this purpose from the Town Forest Account, or to take any other action in relation thereto.

ARTICLE 45: To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 24th day of February, in

BUDGET OF THE TOWN OF WEARE , N.H.
THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

RECORD OF TOWN MEETING

March 12, 1991

The annual Town Meeting of the Town of Weare was called to order by the Moderator, Neal M.Kurk, at 10:00 a.m. The pledge of allegiance to the flag was led by Harold O. Hall.

The Moderator read the Warrants of the Weare School District and the John Stark Regional School District for the election of school district officers. The Moderator then read Articles 1, 2 and 3 of the Town Warrant. Howard Ineson, Sr. moved to suspend the reading of Articles 4 through 13. The motion was seconded and the vote affirmative. Howard Ineson, Sr. moved to suspend the reading of Articles 14 through 52 until Saturday, March 16. The motion was seconded and the vote affirmative.

Lynda Bustam, Selectman pro tem, inspected the ballot boxes and declared them to be empty. The Moderator announced that absentee ballots would be opened and cast at 11:00 a.m. in accordance with the law. The polls were declared open at 10:07 a.m. by the Moderator. The Meeting proceeded to ballot for Town and School District officers and to vote on Articles 2 through 13 of the Town Warrant.

ARTICLE 1. To choose all necessary Town Officers for the following year. (By Official Ballot)

ARTICLE 12. Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the town building and permit ordinance as follows: Amend Article 4, Paragraph 4.1.8, page 5, line 11, to provide that each day of violation of the Ordinance shall be considered a separate offense, pursuant to NH RSA 676:15 and NH RSA 676:17? (By Official Ballot)

Yes - 359
No - 366

ARTICLE 13. Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the town building and permit ordinance as follows: Amend Article 4, Paragraph 4.1.9, line 8 to provide that unlawful continuations of construction after a stop work order shall be punished pursuant to the provisions of NH RSA 676:15 and NH RSA 676:17? (By Official Ballot)

Yes - 476
No - 236

The polls were closed at 7:03 p.m. At 10:10 p.m., the Town Moderator announced the result of the vote. The Meeting was adjourned by the Moderator at 10:15 p.m. to resume on Saturday, March 16, 1991 at 10:00 at the Center Woods School to take up Articles 14 through 52.

At 10:03 a.m., Saturday, March 16, 1991, the Town Meeting was called to order by the Moderator, Neal M. Kurk. The pledge of allegiance to the flag was led by Harold O. Hall. The Meeting was asked to rise and remain standing to hear the reading of town residents who have died during the past year. This reading was

followed by a moment of silence in their memory and in memory of those of our gallant troops who died in the Gulf War.

The Moderator read the results of the Town, Weare School District and the John Stark Regional School District elections held Tuesday, March 12, 1991 and the results of the votes on Articles 2 through 13 of the Town Warrant. He announced that those who were elected may come forward at the close of Town Meeting to be given the oath of office.

The Moderator stated the rules for today's Meeting would be Garfield Jones' Parliamentary Procedures at the Glance as interpreted by the Chair. There are ten additional rules that are appropriate for this Meeting:

1) All remarks should be addressed to the Chair or through the Chair to another person.

2) If you wish to be heard, please approach the microphone, wait to be recognized, give your name and proceed with your remarks. It is important to use the microphone and give your name for two reasons: first, everyone needs to hear your remarks and most folks would like to know who you are; second, your remarks are being recorded through the public address system.

3) If you proposed an article, you will be recognized first. If you make a motion, you may claim the floor in preference to others.

4) You are not entitled to the floor a second time in debate on the same motion as long as someone who has not already spoken desires the floor. You may speak a third time only by permission of the Meeting.

5) Motions to reconsider will be entertained only while the article to which they pertain is properly before the Meeting.

6) Lengthy or complex motions or amendments must be presented in writing.

7) In addressing the Meeting, you should keep your remarks to the subject currently on the floor. Remarks which are not relevant to the subject at hand or which involve personalities will be ruled out of order.

8) Legally registered voters only shall be recognized. They should be displaying voter identification badges passed out at the door by the Supervisors of the Check List. Those who are not legally registered voters may not address the Meeting without its consent.

9) After each article dealing with the raising and/or appropriating of monies has been moved and spoken to, the Chair will recognize the Finance Committee so it may present its recommendations to the Meeting.

10) There will be no smoking during the Meeting. Smokers are advised that smoking is prohibited throughout the building. If you wish to smoke, you'll have to go outside.

The Moderator introduced Leon Methot, Jack Dearborn and Cindy Merrill, members of the Finance Committee. He then introduced the Selectmen, Robert Bossie, Town Counsel, Pam Warren, Deputy Town Clerk and Joe Kelley, Town Administrator. Robert Bossie and Joe Kelley were granted the privilege of addressing the Meeting if called upon to do so.

William Herman, Selectman, was recognized to give the State of the Town address.

Cindy Merrill, Vice Chairman of the Finance Committee, explained the function of the Finance Committee.

The Moderator called the attention of the Meeting to a map displayed on the wall with certain roads colored in. Articles 24, 25, 26 and 27 deal with these roads. If you are concerned about locating the roads which these articles refer to, you may consult the map.

There was no objection to waiving the reading of the Warrant in its entirety at this time. Each article will be read as it is taken up.

ARTICLE 14. To see if the Town will vote to authorize the Selectmen and the Town Treasurer to borrow on behalf of the Town in anticipation of taxes, or to take any other action in relation thereto.

Harold Hall moved the article be accepted as read. The motion was seconded and the vote affirmative.

ARTICLE 15. To see if the Town will authorize the Selectmen to apply for, receive and expend Federal and State grants which may become available during the course of the year, to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money, and also to accept gifts of real and personal property from any governmental unit or private source, provided that such grants and other monies and gifts do not require the expenditure of other Town funds; and that a public hearing shall be held by the Selectmen prior to the receipts and expenditure of such grants and monies, all as provided by RSA 31:95b, or to take any other action in relation thereto.

William Herman moved the adoption of the article as read. The motion was seconded and the vote affirmative.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the Town by Tax Collector's deed by public auction, advertised sealed

bid or in such other manner as determined by the Selectmen as justice may require, except for any parcels of land larger than five acres if land only, or larger than ten acres if a dwelling is present. Any and all sales are to follow the provisions of RSA 80:42, Sale of Tax Liens/Tax Deeded Properties, or to take any other action in relation thereto.

Merrill Shepard moved the article be accepted as read. The motion was seconded and the vote affirmative.

ARTICLE 17. To see if the Town will vote to authorize the Selectmen to sell any used and surplus Town equipment, or to take any other action in relation thereto.

Harold Hall moved the article be accepted as read. The motion was seconded.

Louis Nikias moved to amend the article by adding after the words "Town equipment" ... "which shall be advertised in newspapers, by sealed bid or shall be sold at public or State auction". The motion was seconded.

Lloyd Bailey, Road Agent, stated that if we go along with the article on our proposed grader, which is surplus property, the price they have quoted us is with a trade-in.

The vote on the amendment was affirmative. The vote on the article as amended was affirmative.

ARTICLE 18. To see if the Town will vote to accept gifts, bequests and trust funds received during the year, or to take any other action in relation thereto.

William Herman moved the adoption of the article as read. The motion was seconded and the vote affirmative.

ARTICLE 19. To see if the Town will vote to authorize the Tax Collector to accept prepayments of property taxes, or to take any other action thereto.

Merrill Shepard moved the article be accepted as read. The motion was seconded and the vote affirmative.

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$1,938,073.00 to defray general government charges for the ensuing year:

A) Town Officers' Salaries	30,377.00
B) Town Officers' Expenses	32,095.00

KK) Engineering Services	1,000.00
LL) Social Security	54,910.00
MM) Economic Development	5,000.00

William Herman moved the Town raise and appropriate the sum of \$1,968,073.00 to defray general government charges for the ensuing year. The motion was seconded.

Mr. Herman stated the additional \$30,000.00 included in his motion would go to line Z - Human Services. The Selectmen are looking at a budget of \$80,432.00 for Human Services. This is the local welfare program for which we are charged by State statutes to run. We have, in just the first two months of this year, spent \$25,000.00.

Generally, this budget is a maintenance budget. The only new program or operation that this budget provides for is in the Solid Waste area and that is the beginning of a recycling program for glass, paper, aluminum, tin and plastics. The expense of that particular item is roughly \$20,000.00 for tipping fees and transportation of materials.

Beyond that, this budget does not expand town services -- it maintains town services as we know them today.

Finance Committee requested a five minute recess to consider this additional amount. The Meeting recessed for five minutes.

When the Meeting resumed, the Moderator called the attention of the Meeting to the lectern which was made and donated to the Town and School District by Frank Campana.

Cindy Merrill, Vice Chairman of the Finance Committee, stated the recommendation of that Committee on Article 20 is as follows: we took last year's operating budget, increased it by 4%, added in the following increases for fixed costs -- increases to insurance premiums, increase to FICA, increased interest on tax anticipation notes and the increase due to the full year of the Transfer Station operation and added, just now, the increase in Human Service Department which would go under Z as a sub-A - \$30,000.00. This is resulting in our recommendation of \$1,897,122.00. The Finance Committee believes it is the feeling of the Town to stay within a 4% increase. They have, however, allowed for an increase in the fixed costs as mentioned.

Mrs. Merrill moved to amend Article 20 to \$1,897,122.00. The motion was seconded.

After a short discussion, a motion was made and seconded to move the question. The vote was negative and debate continued on Article 20.

William Herman stated the Selectmen's budget proposal would give us a tax rate of \$3.53 per \$1,000.00, assuming all other articles on the Warrant are adopted. The Finance Committee recommendation would take another \$.18 off that amount, making the rate \$3.35. Mrs. Merrill stated the Finance Committee recommendation would give a \$.21 decrease rather than an \$.18 decrease.

Mr. Herman stated the Town's operating budget is up -- gas, utilities, etc. -- but the overall budget plan, capital and operating, for the Town is down and that leads to a reduction in the tax rate.

William Herman gave a brief explanation of each item list under Article 20.

Raymond Rogers suggested the Town put up flags on the telephone poles to honor those men and women from this town who are serving their country in Operation Desert Shield. He asked if this could be done under the item Patriotic Purposes. Mr. Herman stated to take the money out of that item, we would have to decrease funding for the 4th of July parade or fireworks.

After a lengthy discussion, the vote on the amendment was taken. The vote was affirmative.

The vote on Article 20, as amended, was affirmative. The amount of \$1,897,122.00 was raised and appropriated under this article.

William Herman and Merrill Shepard presented a plaque to Harold Hall which read, "In grateful recognition to Harold O. Hall for 54 years of dedicated and caring service to the residents of the

Town of Weare. Selectman - 1975 - 1981, 1982 to 1991; Weare Volunteer Fire Department; Weare Planning Board; Chairman, Community Nursing Service; Parks and Recreation Commission; Weare Conservation Commission; Sewer Commissioner; Director, Concord Visiting Nurses Association."

Harold Hall expressed his thanks and stated he was glad to have this plaque and would do his best to do everything he could for people in this Town for as long as he lived. The Meeting responded with a standing ovation.

The Meeting recessed for lunch and was called to order by the Moderator at 1:00 p.m.

ARTICLE 21. To see if the Town will vote to raise and appropriate the sum of \$200,000.00 for reconstruction and resurfacing of roads, including \$93,160.00 for principal and interest payments on the Road Improvement Bond approved by the 1990 Town Meeting. Of the \$200,000.00, the sum of \$107,947.00 would be received from Highway Block Grant Funds from the State of New Hampshire, pursuant to RSA 235, and the sum of \$92,053.00 would be raised by taxation, or to take any other action in relation thereto.

Lloyd Bailey moved the article as read. The motion was seconded. Finance Committee does not support Article 21 as written and recommends that the Town raise and appropriate \$107,947.00 to be received from the Highway Block Grant Funds from the State of New Hampshire for reconstruction and resurfacing of roads. Committee is asking that no money be raised by taxation; and only the exact figure for the Block Grant be approved.

Mrs. Merrill moved to amend Article 21 to the amount of \$107,947.00. The motion was seconded.

Janice O'Connell asked if the money we are getting from Highway Block Grant is going to pay for the bond that we took out last year. The money from Block Grant was going to reduce the bond. Mr. Herman replied that if this amendment is adopted, there will be no road work done this year. We voted as a Town last year to float a \$550,000.00 bond, the payment of which is out of this article. It is basically all but \$15,000.00 worth of the Block Grant.

Mr. Herman asked Mr. Bailey to give the Meeting a rough idea how far the \$15,000.00 would go. Mr. Bailey stated he has to do some guard rail work on Barnard Hill Road. This is #1 priority and they will take the balance of the money and start cutting trees on two roads. That will be as far as they can go this year.

The Moderator stated the article would read as follows with Mrs. Merrill's amendment: To see if the Town will vote to raise and appropriate the sum of \$107,947.00 for reconstruction and resurfacing of roads, including \$93,160.00 for principal and interest payments on the Road Improvement Bond approved by the 1990 Town Meeting. Of the \$107,947.00, the sum of \$107,947.00

would be received from Highway Block Grant Funds from the State of New Hampshire, pursuant to RSA 235, and none would be raised by taxation, or to take any other action in relation thereto.

The vote on the amendment was taken by a standing vote. The result of the vote:

Yes - 116

No - 82

The vote on the amendment was affirmative. The vote on Article 21, as amended, was affirmative. The amount of \$107,947.00 was raised and appropriated under Article 21.

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of \$20,400.00 for the purpose of purchasing a stainless steel sander, two snowplows and teeth for the Town crusher for the Highway Department, or to take any other action in relation thereto.

Lloyd Bailey made a motion to see if the Town will vote to raise and appropriate the sum of \$20,400.00 for the purpose of purchasing a stainless steel sander, snowplows and jaws for the Town crusher for the Highway Department, or to take any other action in relation thereto. The motion was seconded.

Mr. Bailey explained that a crusher doesn't take teeth; it takes jaws that come together and crush the stone.

The Finance Committee recommends that the Town approve Article 22.

The vote was affirmative.

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of \$90,983.00 for the purpose of leasing a Dresser 850 Motor Grader for the use of the Highway Department, and authorize the Board of Selectmen to enter into a one-year lease agreement for that purpose, and to authorize the withdrawal of \$15,683.00 from the Highway Grader Capital Reserve Fund. At the Town's option, the lease may be renewed for an additional one-year period subject to further appropriation by the Town.

Lloyd Bailey moved the article be accepted as read. The motion was seconded.

Finance Committee recommends the Town approve Article 23 as written.

Don Rogers asked how much money is being raised by taxes under this article. Mr. Herman replied there is no money being raised by taxes this year. We have money enough in the Capital Reserve account currently to pay two years of the lease so there would be no tax impact for three years.

After lengthy discussion, the motion was reworded by Town Counsel to read as follows:

ARTICLE 23. To see if the Town will approve a contract to be entered into by the Board of Selectmen to lease/purchase for the sum of \$90,983.00 a Dresser 850 Motor Grader for the use of the Highway Department, and to further authorize the Board of Selectmen to enter into that Agreement for one year, for that purpose, and to authorize the withdrawal of \$15,683.00 from the Highway Grader Capital Reserve Fund. At the Town's option, the lease may be renewed for an additional one-year period subject to further appropriation by the Town.

The new wording was acceptable to Mr. Bailey and the seconder of the original motion. The Moderator stated this was now the motion on the floor.

The vote on Article 23 was affirmative.

Carol Townes moved to add the following words to the last sentence of Article 23: "by Warrant article". The motion was seconded and the vote was affirmative.

ARTICLE 24. To see if the Town will vote to clarify the following roads and ways as Class VI subject to gates and bars at the discretion of the Board of Selectmen as provided by RSA 231:45-a, or to take any other action in relation thereto.

- 1) Bassett Mill Road (450 ft.)
- 2) Chuck Lane (600 ft.)
- 3) Chuck Street, North (1,900 ft.)
- 4) Clark Road (2,100 ft.)
- 5) Clark Mill Road (1,000 ft.)
- 6) Devil Step Road (1,050 ft.)
- 7) Horse Spring Hill Road (3,900 ft.)
- 8) Maplewold Road (250 ft.)
- 9) Melvin Valley Road (8,700 ft.)
- 10) Oliver Road (1,050 ft.)
- 11) Sawyer Road (1,350 ft.)
- 12) Worthley Road (9,206 ft.)

Harold Hall moved the article be accepted as read. The motion was seconded.

In answer to a question, Harold Hall explained the term "gates and bars" is just legal terminology which says that the Town no longer has an obligation to maintain the roads.

The vote on Article 24 was affirmative.

ARTICLE 25. To see if the Town will vote to authorize the Board of Selectmen to convey or exchange all the Town's rights, title and interest to that portion of Gould Road, located north of Gould Road at the intersection of Route 77 (Dustin Tavern Road) 24.75 ft. northerly of the new centerline as depicted by the

existing paved roadway. In exchange, that portion of Tax Map 411, Lot 210 located on the south side of Gould Road which is 24.75 ft. southerly of the new Gould Road centerline as depicted by the existing paved roadway, or to take any action in relation thereto.

Merrill Shepard moved the article be accepted as read. The motion was seconded.

The vote was affirmative.

ARTICLE 26. To see if the Town will vote "to reclassify the section of Barnard Hill Road from the Leon Favor Farm to the intersection of Mary Hadley Road and Barnard Hill Road. This road is to be improved to Class V status at the expense of John Brown and Sons, Inc. of Weare under the direct supervision of the Road Agent", or to take any other action in relation thereto. (By Petition)

David Maynard moved Article 26 be accepted as read. The motion was seconded.

Mr. Maynard told the Meeting this article has no cost impact on the taxpayers of Weare. Article 26 also has the basic approval of the Police Department, Fire Department and the Road Agent because of increased access it affords emergency apparatus.

William Herman moved to amend the article by adding at the end of the second sentence after the words "under the direct supervision of the Road Agent" the following: so that the road will not be a Class V road until the Board of Selectmen determines and certifies that the road has been upgraded to the Town Road Construction standards. The motion was seconded.

Mr. Townes stated he felt the Selectmen should use the services of an engineer in approving this road. Mr. Herman stated the use of an engineer is part of the Town Road standards that the Board of Selectmen and the Planning Board adopted last year, so the Selectmen would automatically use an engineer under those standards.

The vote was affirmative.

The vote on Article 26 as amended was affirmative.

ARTICLE 27. To see if the Town will vote to clarify the terms and conditions relative to the discontinuance of a portion of roadway known as Nichols Road from Tiffany Hill Road past the Osborne farm to the intersection of a proposed new road to be known as West Quaker Street by voting to discontinue that portion of the roadway known as Nichols Road from Tiffany Hill Road past the Osborne farm to the intersection with a proposed new road to be known as West Quaker Street upon the completion of the following terms and conditions:

A. Construction, excluding paving, by the 1789 Limited Partnership, or its successors, and at its sole expense, of a new road to be known as West Quaker Street connecting Quaker Street and Nichols Road, the layout of said West Quaker Street being shown on a plan entitled "Lot Line Adjustment Plan for Town of Weare and 1789 Limited Partnership, both sides of Nichols Road, North Side of Quaker Street & Tiffany Hill Road, Weare, New Hampshire, Hillsborough County" dated February, 1988, as revised on March 15, 1990;

B. Upon completion of the construction of West Quaker Street, excluding paving, the Selectmen shall be authorized, and are directed to accept the conveyance and ownership of West Quaker Street on behalf of the Town by deed of the 1789 Limited Partnership or its successors; and

C. Contemporaneously with the conveyance and acceptance of West Quaker Street to the Town, conveyance of that portion of the roadway known as Nichols Road from Tiffany Hill Road past the Osborne farm to the intersection of a proposed new road to be known as West Quaker Street to the abutters of the discontinued portion of Nichols Road by deed of the Town, which deed the Selectmen are authorized and directed to execute and deliver.
(By Petition)

John Osborne moved to accept Article 27 as read and as printed in the Town report. The motion was seconded.

Mr. Osborne stated this is not accepting a new road. It is transferring ownership of one road that the Town owns and has not maintained for four years to one that a developer built in 1987 and which the Town has been maintaining. This is a clarification of which road the Town going to own.

Right now the Town owns Nichols Road which is 1,000 ft. long on a 33 ft. right-of-way and the traveled portion is 12 to 14 ft. wide. What this article will give to the Town is West Quaker Street which is 1300 ft. long with a 50 ft. right-of-way and the traveled surface is approximately 20 to 24 ft. wide. The Road Agent has requested some drainage work be done on the road which will be done at the expense of the Osbornes. There will be no expense incurred by the Town. The Town is already maintaining this road.

William Herman stated the Town Meeting held 3 or 4 years ago voted to transfer these roads. "Excluding paving" is the difference between this agreement and the previous agreement. There are no pending plans to develop this property before the Planning Board. Whenever, in the future, the property is to be developed, the Planning Board, as part of the approval process, can require the developer at that time to pay for the paving, or at least a substantial portion, of the paving of the road.

The vote on Article 27 was affirmative.

ARTICLE 28. To see if the Town will vote to change the purpose of the Landfill Closure Capital Reserve Fund, previously established, to the Transfer Station Capital Reserve Fund, and to designate the Board of Selectmen as the agents to expend, or to take any other action in relation thereto.

William Herman moved the adoption of this article as read. The motion was seconded.

Louis Nikias moved to amend Article 28 by substituting the words, "the Town Meeting as the agents to expend" in place of "the Board of Selectmen as the agents to expend". There was no second to Mr. Nikias' motion and the motion failed.

The vote was a unanimous vote in the affirmative.

ARTICLE 29. To see if the Town will vote to raise and appropriate the sum of \$133,780.00 for principal and interest payments due on a long-term note previously authorized for the construction and equipping of the Weare Transfer Station, and to authorize the withdrawal of \$7,873.00 and all accrued interest as of the date of withdrawal from the Transfer Station Capital Reserve Fund previously established, for this purpose, with the balance of \$125,907.00 to be raised by taxation, or to take any other action in relation thereto.

William Herman moved the adoption of this article as read. The motion was seconded.

Finance Committee recommends the approval of Article 29 as written.

The vote was affirmative and the motion carries.

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of \$13,500.00 for the purchase of a new police cruiser, and to authorize the withdrawal of \$6,500.00 from the Capital Reserve Fund created for that purpose with the balance of \$7,000.00 to be raised by taxation, or to take any other action in relation thereto.

Chief David Mason moved the article be accepted as read. The motion was seconded.

Finance Committee recommends the approval of Article 30 as written.

William Herman explained that the light blue (dog) cruiser and the gray unmarked cruiser will be used to replace the vehicles presently used by the Building Inspector and the Town Administrator and the new cruiser will go to the Police Department.

The vote was affirmative.

ARTICLE 31. To see if the Town will vote to raise and appropri-

ate the sum of \$33,700.00 to be added to the Police Department budget for the purpose of hiring two full-time police officers and a part-time attorney to prosecute Weare cases, or to take any other action in relation thereto.

Chief David Mason moved that the Town vote to raise and appropriate the sum of \$30,650.00 for the purpose of hiring two full-time police officers and a part-time attorney to prosecute Weare cases. The motion was seconded.

The Chief stated the Police Department cannot properly handle and investigate all of the calls with our current limited staffing. This would give us the minimum of officers to cover the shifts 7 days a week from 7 a.m. to 1 a.m.

Finance Committee does not support Article 31.

Lengthy discussion followed with many people speaking in support of this article. A motion was made and seconded to move the question. The vote was affirmative.

The vote on Article 31 was negative and the motion failed.

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$75,000.00 for the purpose of purchasing a Class A 1000 GPM Front Mount Pumper for the Fire Department initially authorized at the 1990 Town Meeting, and to authorize the withdrawal of \$65,000.00 from the Capital Reserve Fund created for this purpose with the balance of \$10,000.00 to be raised by taxation, or to take any other action in relation thereto.

William Boisvert moved the adoption of this article as read and printed with one exception. The words "Front Mount" should be changed to "Mid-ship". The motion was seconded.

Finance Committee does not support Article 32 as written. The Committee has determined that there is in excess of \$68,000.00 in the Capital Reserve Fund for this purpose and recommends that a minimum of \$68,000.00 be removed for the purpose of this article.

Mrs. Merrill moved to amend Article 32 by substituting \$68,000.00 for the \$65,000.00 amount and \$7,000.00 for the \$10,000.00 amount in the original motion.

The Selectmen do not oppose this change. Mr. Boisvert accepted these changes as a friendly amendment.

The Moderator stated the motion before us is to raise and appropriate \$75,000.00 for the purpose of purchasing a Class A 1000 GPM Mid-Ship Pumper for the Fire Department initially authorized at the 1990 Town Meeting, and to authorize the withdrawal of \$68,000.00 from the Capital Reserve Fund created for this purpose with the balance of \$7,000.00 to be raised by taxation.

The vote on Article 32 as amended was affirmative.

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the Rescue Squad Vehicle Capital Reserve Fund previously established, or to take any other action in relation thereto.

Chester Rhodenizer moved to accept Article 33 as read. The motion was seconded.

Finance Committee recommends the approval of Article 33.

The vote on Article 33 was negative and the motion failed.

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of \$6,000.00 to cover the costs of the Town's participation in a local Household Hazardous Waste Collection in 1991. These monies are to be supplemented by State Matching Funds in the amount of 25 cents per capita from the New Hampshire Department of Environmental Services, Waste Management Division. Any unused monies are to be returned to the General Fund, or to take any other action in relation thereto.

Merrill Shepard moved that the article be accepted as read. The motion was seconded.

Mr. Shepard stated that last year we raised \$6,000.00 for this same purpose. The Selectmen have encumbered the funds and we are looking for an additional \$6,000.00 to proceed with the collection of hazardous waste.

Finance Committee recommends approval of Article 34.

Robert Fryer asked 1) is this going to be limited to residential or are commercial activities going to be allowed to participate and 2) is there a way to set it up so that the people who wish to dispose of the materials pay for the materials on some type of a fixed charge basis?

Mr. Shepard replied it may be feasible to charge people if the quantities of materials they wish to dispose of are large. This will have to be looked at because there is a limited budget here and some of these wastes are very expensive to dispose of. The waste would be limited to Class 1 Hazardous Waste from residences -- not commercial.

A motion to move the question was made and seconded. The vote was affirmative.

The vote on Article 34 as read was taken by standing vote. The result of the vote:

Yes - 105
No - 44

The vote on Article 34 was affirmative.

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be added to the Cemetery Construction Fund previously established, or to take any other action in relation thereto.

Terry Knowles moved the adoption of Article 35 as printed. The motion was seconded.

Mrs. Knowles stated this is the last of the monies to be added to this Capital Reserve Fund. This is for expansion of the cemetery. At this point in time, we have completely run out of two-grave lots. We are now in the process of splitting up the four-grave lots. With the \$1,500.00, we will have a total of \$5,000.00 in this Fund which will enable us to survey and mark out the new lots in the Johnson Cemetery and, hopefully, in Pine Grove Cemetery.

Finance Committee recommends Article 35 be approved as written.

The vote was affirmative.

ARTICLE 36. To see if the Town will vote to raise and appropriate the sum of \$148,000.00 for the Phase I design and construction of an addition to the Paige Memorial Library, to authorize the withdrawal of this amount from the Library Addition Capital Reserve Fund created for that purpose, and to designate the Board of Selectmen as the agents to expend, or to take any other action in relation thereto.

Edgar Jones moved the article be accepted as written. The motion was seconded.

Finance Committee recommends approval of Article 36.

Mr. Jones moved to amend the article by removing the words "Phase I" from the first line so that the article would read:

To see if the Town will vote to raise and appropriate the sum of \$148,000.00 for the design and construction of an addition to the Paige Memorial Library, to authorize the withdrawal of this amount from the Library Addition Capital Reserve Fund created for that purpose, and to designate the Board of Selectmen as the agents to expend.

The seconder to Mr. Jones' motion agreed to this change.

The vote on Article 36 as amended was affirmative. The Moderator stated this was a unanimous vote.

ARTICLE 37. To see if the Town will vote to change the purpose of the Town Hall and Stone Building Restoration Capital Reserve Fund previously established to the Town Hall, Stone Building and Town Office Building Restoration Reserve Fund, and to designate

the Board of Selectmen as the agents to expend, or to take any other action in relation thereto.

William Herman moved the adoption of this article as read. The motion was seconded.

Finance Committee does not support Article 37.

The vote on Article 37, which takes a 2/3 vote, was negative and the motion failed.

ARTICLE 38. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the Town Hall, Stone Building and Town Office Building Restoration Capital Reserve Fund previously established, or to take any other action in relation thereto.

William Herman moved to see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the Town Hall and Stone Building Restoration Capital Reserve Fund previously established. The motion was seconded.

Finance Committee supports the \$5,000.00 to be used for the Town Hall and Stone Building Restoration Capital Reserve Fund.

The vote on Article 38 was affirmative.

ARTICLE 39. To see if the Town will vote to raise and appropriate the sum of \$14,505.00 for capital improvements and/or expenditures for the ensuing year including:

Cemetery Restoration	\$2,500.00
Master Plan Update	\$5,000.00
Restoration of Documents	\$2,045.00
Computer Equipment	\$1,960.00
Fire Department Roof - Center Station	\$3,000.00

And to authorize the withdrawal of \$979.00 and all accrued interest as of the date of withdrawal from the Federal Revenue Sharing Fund for this purpose with the balance to be raised by taxation, or to take any other action in relation thereto.

Merrill Shepard moved the article be accepted as read. The motion was seconded.

Mr. Shepard explained the article as follows: 1) The cemetery restoration is for the cemetery on River Road. 2) The State recommends that we update the Master Plan every five years. This is a two-year project and the \$5,000.00 represents 1/3 to 1/2 of the total cost. 3) The restoration of documents is a process started last year. There are a great number of old documents which should be restored. We would like to restore some each year. 4) The computer equipment is for the Supervisors of the Check List to update the voting list. 5) The Center Station roof is leaking and the cost to repair it is approximately \$3,000.00.

Finance Committee recommends approval of Article 39 as written.

The vote on Article 39 was affirmative.

ARTICLE 40. To see if the Town will vote to establish a town office Photocopier Capital Reserve Fund, to raise and appropriate the sum of \$2,000.00 to be placed in that fund, and to designate the Board of Selectmen as the agents to expend, or to take any other action in relation thereto.

Harold Hall moved that Article 40 be adopted as read. The motion is seconded.

Finance Committee does not support Article 40.

Paul Knox moved to amend the motion under Article 40 to increase the amount from \$2,000.00 to \$6,000.00. The motion was seconded.

The vote on the amendment was negative and the amendment failed.

The vote on the original motion was negative and the article failed.

ARTICLE 41. To see if the Town will vote to raise and appropriate the sum of \$35,000.00 for the purpose of establishing a gasoline and diesel fuel pumping system for Town vehicles, or to take any other action in relation thereto.

Lloyd Bailey moved the article as read. The motion was seconded.

Mr. Bailey stated the State of New Hampshire is requiring the tanks we now have be monitored this year. Our underground permit runs out in April of this year. Prior to getting a new permit, we have to have the tanks pressure tested and we have to have a monitoring device system -- the cheapest of which would be monitoring wells at a cost of \$5,000.00 for four wells. They have to be monitored twice a year and a spill and overflow catch basin installed, the cost of which is \$1,500.00. After four years, our present tank will have to be replaced because of its age.

The new system has all these features built in. Mr. Bailey stated that the new tank would be a lifetime tank -- as long as it doesn't leak, we don't have to take it out.

Finance Committee does not support Article 41. They do not feel enough price bids have been placed in order to make a determination on whether or not \$35,000.00 will cover the cost of the project. Furthermore, the Finance Committee feels a 10,000 gallon tank is inappropriate. The Committee recommends a smaller tank be used. The Committee acknowledges the need for a pumping station but feels that further study should be taken on this project. The Committee requests the Moderator to poll their position after discussion today, if sufficient information is given to them at this time.

Mr. Herman stated the Finance Committee has received all the information the Board of Selectmen has had in this area. Two quotations have been received ranging between \$25,000.00 and \$30,000.00. The Board of Selectmen added \$5,000.00 on top of the highest bid in the event that, in removing the old tank, they find that the soil has been contaminated from a leakage. If this is so, the soil will have to be removed and disposed of.

The voters should understand that if we don't put this system in, we will have to spend a minimum of \$8,000.00 this year to put in monitoring wells required by the State, and we have to have a lab do an analysis twice a year. The lowest price we have received for this is \$8,000.00.

The system that we are looking at is a guaranteed minimum of 30 years life. We have asked for a 10,000 gallon tank because within the next 30 years we will have a full-time Fire Department, a larger full-time Police Department, a full-time Rescue Squad. This system is not just to address today's needs, but the needs of the Town for the next thirty years.

Glenn Worsman moved to amend Article 41 as follows: The residents of Blake Road propose to donate to the Town of Weare, not including any additional costs over the installation and materials, a gasoline and diesel fuel pumping system as stated in Article 41 for the Town garage and to convey Blake Road to the Town for the agreement that the Town take over maintenance of Blake Road. The motion was seconded.

William Herman stated this offer had been mentioned when the issue the fuel tank was being discussed. The concern from the standpoint of both the Board of Selectmen and the Road Agent is that it will cost us more to take over Blake Road and put it into the shape the Road Agent needs for it to be maintained than the cost of the fuel system. While it may look like we're getting something good, it's going to cost us more in the long run.

In answer to a question by the Moderator, Mr. Worsman stated they would provide all the money for the installation and material. The only thing they will not provide money for is if contamination is found.

The Moderator stated that Town Counsel has advised him that this kind of a swap, where the Town would be taking over a road and the responsibility, could not properly be considered under Article 41 as an amendment because the Town wasn't warned about this. For that reason, the Moderator declared the motion out of order.

Carl Devito moved to propose a Special Town Meeting to consider the proposal by the residents of Blake Road.

The Moderator stated we can take a sense of the Meeting vote on calling a Special Town Meeting, but only the Selectmen or citizens petitioning the Court have the power to call a Special Town Meeting. We, as a body, cannot mandate that there be a Special

Town Meeting. This can be brought up under Article 52.

William Johnson stated whether we put gas in the present tank or not, as long as it is in the ground, we will have to monitor it. He recommended that a new tank be put in a vault. If it ever has to be replaced, it can just be pulled out and you do not ever have to worry about contaminated soil.

Frank Farmer moved to table Article 41 and to establish a Study Committee to be comprised of 1 resident of Blake Road, 1 member of the Finance Committee, 1 member of the Fire Department, 1 member of the Police Department, 1 member of the Highway Department and 1 Selectman, the appointments to be made by the Board of Selectmen. The motion was seconded.

In answer to a question, Mr. Herman stated the deadline for putting in monitoring wells will be April 1 if we haven't taken some action to replace our system.

John Lawton asked if monitoring wells is a State mandate. William Herman answered that the administrator of the mandate is the State of New Hampshire, but it is a Federal mandate. Assuming that you are getting at the question of the State paying for the cost because it is mandated, the Constitutional amendment does not affect Federal mandates.

After a lengthy discussion, the vote on the amendment to table this article was taken by standing vote. The result of the vote:

Yes - 85

No - 82

The motion to table carries.

William Herman asked the Meeting to reconsider its vote.

Joan Paquette moved to reconsider Article 41. The motion was seconded.

The vote on the motion to reconsider was affirmative.

The Moderator stated the motion before us is to table Article 41 and set up a Study Committee.

The vote on the motion to table was negative and the motion was defeated.

The Moderator stated we are now back to the original article with the original motion to accept the article as read.

William Johnson moved to amend the article as follows: To see if the Town will vote to raise and appropriate the sum of \$35,000.00 for the purpose of removing the existing underground storage tanks, installing temporary tanks and forming a Study Committee to determine and implement the most appropriate method to estab-

lish a gasoline and diesel fuel pumping system for Town vehicles or to take any other action in relation thereto.

The motion was seconded.

The Moderator stated this is a substitute motion which would replace the one on the floor. The Moderator asked Mr. Johnson if the membership of the Study Committee would be the same as stated in the previous motion. Mr. Johnson replied in the affirmative.

Mr. Herman stated he felt the recommendation of Mr. Johnson was a good one and wouldn't require additional funds. It would allow us to take some action; we can remove what is there for \$5,000.00 and install a temporary system for however long it is necessary. We have two quotes that say we can put in a new system for \$25,000.00 to \$30,000.00. He felt we could do the whole thing, temporary and permanent, with that amount of money provided that there is no problem as far as contaminated soil.

A motion was made and seconded to move the question. The vote was affirmative.

The vote on Mr. Johnson's substitute motion was affirmative and the motion carried.

Eldon Townes moved that the \$35,000.00 in Mr. Johnson's motion be amended to be \$30,000.00. The motion was seconded.

The vote on the amendment to change the amount to \$30,000.00 was affirmative.

Mr. Johnson stated he would like to add the words "if necessary" after the phrase "install temporary tanks". The Moderator stated it is the understanding of the body, unless there is an objection, that "install temporary tanks, if necessary" is included in Mr. Johnson's motion. There was no objection.

The final vote on the motion - to raise \$30,000.00, remove the existing underground storage tanks, install temporary tanks, if necessary, form the Study Committee to advise the Selectmen who shall implement a gasoline and diesel pumping station for Town vehicles, as described by the Moderator - was affirmative.

ARTICLE 42. To see if the Town will vote to change the purpose of the Chase Park Erosion Control Capital Reserve Fund previously established to the Town Ballfield Improvement Capital Reserve Fund, and to designate the Board of Selectmen as the agents to expend, or to take any other action in relation thereto.

Howard Ineson, Sr. moved to see if the Town will vote to change the purpose of the Chase Park Erosion Control Capital Reserve Fund previously established to the Chase Park and Town Ballfield Improvement Capital Reserve Fund, and to designate the Board of Selectmen as the agents to expend.

The motion was seconded.

The Finance Committee supports Article 42.

The vote on Article 42 as moved by Mr. Ineson was affirmative by the necessary two-thirds vote.

ARTICLE 43: To see if the Town will vote to raise and appropriate the sum of \$3,900.00 for the purpose of erecting a chain link fence at the Town Ballfield on Salmen Road, and to authorize the withdrawal of \$3,900.00 for this purpose from the Town Ballfield Improvement Capital Reserve Fund previously established, or to take any other action in relation thereto.

Howard Ineson, Sr. moved to see if the Town will vote to raise and appropriate the sum of \$3,900.00 for the purpose of erecting a chain link fence at the Town Ballfield on Salmen Road, and to authorize the withdrawal of \$3,900.00 for this purpose from the Chase Park and Town Ballfield Improvement Capital Reserve Fund previously established.

The motion was seconded and the vote affirmative.

ARTICLE 44. To see if the Town will vote to authorize the Parks and Recreation Commission to establish rental space for the purpose of advertising at the ballpark and soccer facility only (Tax Map 402, Lot 98 on Salmen Road), or to take any other action in relation thereto.

Howard Ineson, Sr. moved Article 44 be accepted as read. The motion was seconded.

The vote was affirmative.

ARTICLE 45. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for financial support to the Youth Baseball/Softball, Soccer and Basketball Programs within the Town of Weare. (By Petition)

Susan Palmer moved to raise \$3,000.00 for the purposes specified in Article 45. The motion was seconded.

Mrs. Palmer stated the Weare Athletic Club is asking for \$3,000.00 to assist with the administrative costs to go to League registration, postage, insurance for the children, liability for the coaches.

Finance Committee does not support Article 45 on the original amount of \$10,000.00. The Finance Committee then took a vote on this and would support this article with the \$3,000.00 amount.

A motion was made and seconded to move the question. The vote was affirmative.

The vote on Article 45 was affirmative.

ARTICLE 46. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to be added to the Town Hall and Town Office Building Parking Lot Paving Capital Reserve Fund previously established, or to take any other action in relation thereto.

Harold Hall moved the article be adopted as read. The motion was seconded.

Finance Committee recommends Article 46 be approved as written.

William Herman mentioned that page 70 in the Town Report shows a number of accounts that are currently held by the Town Treasurer. Next to the bottom is one titled "Town Hall Account" which shows a balance of almost \$575.00. This account is a donation which has been received from a private individual. This account will be closed out and will go into the Capital Reserve account and will be more than half of the \$1,000.00 under Article 46.

The vote on Article 46 was affirmative.

ARTICLE 47. To see if the Town will vote to authorize the Selectmen to spend up to \$20,000.00 from the Weare Town Forest Account for use as the Town's "match" in acquiring the "Ferrin Pond Forest Property" through the New Hampshire Land Conservation Investment Program (LCIP) pursuant to RSA 221-A, or to take any other action in relation thereto.

Robert Reeve moved that Article 47 be adopted as read. The motion was seconded.

Finance Committee recommends the approval of Article 47 as written.

The vote on Article 47 was affirmative.

Ruth Jones stated she felt Mr. Reeve deserved the thanks of the Meeting for all the work he has done on this project. The Meeting responded with a hearty round of applause.

ARTICLE 48. To see if the Town will raise and appropriate the sum of \$2,000.00 to use for boundary maintenance in the Town Forest and to authorize the withdrawal of \$2,000.00 for this purpose from the Town Forest Account, or to take any other action in relation thereto.

Robert Reeve moved the article be adopted as read. The motion was seconded.

Finance Committee recommends approval of Article 48 as written.

The vote on Article 48 was affirmative.

ARTICLE 49. To see if the voters will authorize the Board of Selectmen to execute a deed to Anna McLaughlin King to a tract of land on Craney Hill Road in order to correct a title defect

caused by the failure to record a deed, dated October 26, 1940, for the same property from the Town of Weare to King's predecessor in title, George G. Hood. The Town originally obtained title by a Tax Collector's deed to the Town dated September 6, 1939, and recorded in the Hillsborough County Registry of Deeds, Book 93, Page 312.

Paul Doscher moved the article as read. The motion was seconded.

The vote on Article 49 was affirmative and the motion carried.

ARTICLE 50. To see if the Town will vote to require the Selectmen to provide the Town with a separate warrant article for all salaries, insurance and other benefits and compensation for all town employees, or to take any other action in relation thereto. (By Petition)

Leon Methot moved to accept the article as written. The motion was seconded.

A motion was made and seconded to move the question. The vote was affirmative.

A division vote was requested on Article 50. The result of the vote:

Yes - 56

No - 51

The vote was affirmative and the motion carried.

ARTICLE 51. To see if the Town will vote to authorize the Board of Selectmen to adopt an "ALARM ORDINANCE", which regulates the use of Alarms Systems reporting directly to Police and Fire Dispatch, or to take any other action in relation thereto.

Chief Mason moved the article be adopted as read. The motion was seconded.

The vote on Article 51 was affirmative and the motion carried.

ARTICLE 52. To transact any other business which may legally come before this Meeting.

William Johnson asked if Article 31 could be reconsidered. The Moderator stated that this was not possible.

Carol Townes asked if the Selectmen had anything to report on her request of last year to locate the "Welcome to Weare" sign. The Selectmen stated the sign had been given to George Hollis a number of years ago; Mr. Hollis says he was never given the sign. At this point, the Selectmen don't know where the sign is.

Howard Ineson requested the Selectmen and the School Board to please expedite the transfer of titles on Weare Center Park.

Gary Bisson questioned why, at the John Stark Regional School District Meeting, the Moderator told him the time to reconsider an article was under the last Warrant article but at this Meeting, we are not allowed to reconsider at this time. The Moderator explained that the rule we use is stated at the beginning of the Meeting at 10 o'clock -- that reconsideration can only be done while the article is before us.

Leonard West moved that the Board of Selectmen be directed to inform the Finance Committee of any proposed budget changes 72 hours in advance of Town Meeting and that the Selectmen be directed to conduct a Town budget hearing 14 days in advance of Town Meeting. The motion was seconded.

The vote on the motion was affirmative and the motion carried.

The Selectmen were asked if they could estimate the tax impact from this Meeting. Mr. Herman stated that he estimated the Town portion would be \$3.04 per \$1,000 and the total tax rate would be \$22.17 per \$1,000.

John Knox suggested that the Finance Committee and/or the Selectmen look into contracting out services to private contractors.

Leon Methot thanked all Finance Committee members, all Department Heads and the Selectmen.

William Herman asked for a sense of the meeting on naming the ballfield. He stated a suggestion has been received that it be named the Purington Memorial Field or somehow have Mike Purington's name associated with that field. If it weren't for the action he took to get a Federal grant, we wouldn't have the field. He moved a sense of the Meeting vote to name the field after Mike Purington.

The sense of the Meeting vote was unanimously in favor of this.

Harold Hall moved the Meeting be adjourned. The motion was seconded and the Meeting adjourned at 5:55 p.m.

Following the close of the Meeting, the following newly elected officers were given the oath of office by the Moderator: Terry Knowles, Selectman; Ed Carignan, Overseer of Public Welfare; Dortha O'Neil, Trustee of the Library; Robert Richards, David Richards and Ed Miller, all members of the Board of Fire Wards.

The Town Clerk gave the oath of office to the following officers during the week following the close of Town Meeting: Helene Laliberte Bickford, Trustee of the Library; Raymond T. Eaton, Sr., Trustee of Trust Funds and Trustee of Cemeteries.

Beverly M. Herman, Town Clerk

Pamela L. Warren, Deputy Town Clerk

WELCOME HOME TROOPS: (Located in Weare's Center Park) The residents of Weare want to take this opportunity to officially "Welcome" the American troops back after their participation in the Desert Shield/Desert Storm operations in the Middle East. Congratulations for a job well done! The sign was donated by the Weare Fire Department and painted by Katherine Rhodenizer.

BUILDING DEPARTMENT ZONING BOARD OF ADJUSTMENT

1991 kept the Building Department busy with building permits, code enforcement, numerous violations and court cases, assisting the public with their questions, concerns and complaints. In addition, the Department handled applications for building permits and Zoning Board of Adjustment, inspections according to building codes and the Town of Weare Zoning Ordinances, inspections of daycare facilities and woodstoves, inspections for fire safety and many other office functions.

The following is a breakdown of permits issued during 1991:

New Single-Family Homes	44
Mobile Homes	10
Commercial	13
Accessory Buildings	35
Additions/Alterations	72
Miscellaneous (electrical, plumbing, septic, etc.)	50
Renewals	4
Pools	<u>10</u>
 TOTAL PERMITS	 238
 Fines	 5
Daycare Facilities	5
Woodstoves and Connections	30
Certificates of Occupancy	53

The Building Department would like to remind property owners that permits are required for rebuilding existing and new septic systems, upgrading electrical and plumbing services, new oil burner installations, swimming pools, signs, out buildings, garages and remodeling.

The Zoning Board of Adjustment heard eighteen (18) applications for variances, special exceptions and administrative appeals during 1991.

Applications and assistance for Zoning Board of Adjustment variances, special exceptions and administrative appeals are handled and processed exclusively by the Building Department. We will gladly assist you. The Building Department and Zoning Board of Adjustment look forward to a busy 1992.

Respectfully submitted,

Everett W. Stone
Building Inspector
Code Enforcement Officer

Jack Dearborn, Chairman
Zoning Board of Adjustment

CEMETERY TRUSTEES

This has been a very productive year for the Cemetery Trustees. We began the year wishing well to Terry Knowles as she began her tenure as Selectman, and welcoming Raymond Eaton to the Cemetery Board.

Thanks to citizen involvement, several long-missing grave markers were discovered as well as the nearby cemetery to which they belonged. The re-discovered Dow Cemetery near Quaker Street has since been cleared and the stones repaired and reinstalled.

Other restoration work included the repair of two tombs as well as ongoing work in the Oil Mill Cemetery on River Road. The Trustees are grateful to F. Cameron Ludwig for his generous contribution for the repair of the Wilson Tomb on Norris Road.

One of the more ambitious projects that began this year has been to research and compile a comprehensive list of known lot owners and burials. The resulting information will streamline cemetery records, as well as facilitate searches for families seeking information on deceased relatives. Thanks to the diligent effort of Margo McLeod and much public interest, the project is well underway.

We look forward to continuing to improve in 1992. As always the public is welcome to attend our monthly meetings and is encouraged to contact any of the trustees with their concerns or suggestions.

Respectfully submitted,

William Carr, Chairman
Margo McLeod, Secretary
Raymond Eaton

Felch Tomb
Felch Tomb is located in the Town Forest.

WEARE CONSERVATION COMMISSION REPORT

1991 was a disappointing year for the Weare Conservation Commission (WCC). The Commission lost several members who brought enthusiasm and expertise in the construction and engineering fields. These losses resulted in the Commission being dormant for the first part of the year.

In the second half of the year new members were appointed who were interested in serving the Town on the Conservation Commission. Paul Hague was elected Chairman, and his primary focus is to see the WCC become as vigorous and involved in town conservation issues as it was in the past.

We invite concerned and interested citizens to attend our meetings, bring ideas, volunteer in upcoming projects, and express their views to us and the Selectmen on local conservation concerns.

In 1992 we plan to start developing a system of trails in the Town Forest, in order to open up the forest for recreational use by all. At present we are planning to begin with the Poor Farm Forest, but eventually trails will be developed in all parts of the Town Forest. We welcome suggestions and comments from all.

The Conservation Commission also will be pleased to resume sponsoring an interested high school student to attend the annual conservation camp conducted by the Society for the Protection of New Hampshire Forests.

Congratulations are in order, and an expression of gratitude to Bobby Reeve and the Selectmen and all who helped with the Land Conservation Investment Program (LCIP) project which resulted in the Town acquiring 100 acres of land around Ferrin Pond. This parcel is now part of the Town Forest, and is a beautiful example of a pristine upland lake.

"We didn't inherit the land from our fathers. We are borrowing it from our children."

OFFICE OF EMERGENCY MANAGEMENT

In 1991 we had to activate the Weare Emergency Management System one time for Hurricane Bob. Responsiveness to community needs proved to be the focus as service departments responded to the demands. And, as a result of this, we discovered the need for a better communication system between the departments.

The Selectmen have organized a committee to look into the needs of the Town of Weare concerning future emergencies, establishing policies, and direction for emergency management. This will be an ongoing process in 1992.

I have completed a review and update to the Town Disaster Plan, and will be presenting a rough draft to all department heads, the review committee and the Board of Selectmen. It is my hope that a thorough review and update can be completed this year so we can implement the plan in 1992.

I would like to thank all personnel and their department heads for their response during Hurricane Bob; without their help, an effective response would be impossible.

Respectfully submitted,

Lawrence Damour
Emergency Management Office

BOARD OF FIREWARDS

This year with the tight cut-backs and budget reductions, we have made every effort to stay within the budget restraints. Some savings were realized on equipment purchases and labor hours.

As with any volunteer department or group, from time to time we need to deal with personnel problems and unrest. This year the Board adopted a number of guidelines, brought before us by a group of appointed firefighters, in an effort to reduce problems and ease the operation of the Fire Department. They are rules, guidelines and regulations which all Weare Fire Department personnel will be asked to follow. They have been aptly titled "Weare Fire Department Rules and Regulations". We realize this is not a cure-all. We do hope with the help and support of all it will make life a little easier.

We also managed to acquire a license to use a portion of land adjoining the new South Weare Station, at no cost to the Town. "Thank You" goes to the Weare Highway Department for fill materials used to level the area.

I wish to thank all Weare volunteer firefighters and rescue personnel for their dedicated efforts to serve the Town of Weare.

In closing, I would like to say as a Board, our decisions do not always agree with everyone's wishes, however, I know we have one common goal ... to do our best and to serve the Townspeople of Weare.

Respectfully submitted

William Boisvert, Chairman

FIRE DEPARTMENT REPORT

During the year of 1991, the "Red Network" received 744 phone calls. These are broken down into the following categories:

Rescue Calls	228	Accidents	40
Fires	20	Chimney Fires	16
Smoke Investigations	16	Alarms	45
Mutual Aid	12	Arcing Wires	1
Inspections	**	Information	114
Miscellaneous	160	Gas Leaks	2
Brush Fires	24	Burning Brush	13
False Alarms	29	Drills	24
Power Out/Wires Down	25	Wrong Numbers	167
Police	46	Grill/Cooking Fires	1

These calls are on "Red Network" only. They do not reflect calls made by radio, police phone, town phone or other towns. Please remember that the telephone number for **FIRE AND RESCUE EMERGENCIES** is: 529-2333. It will ring three times before it is answered. To save valuable time and lives, please use the emergency number for all fire and rescue calls. Police are dispatched separately. School cancellation questions should be directed to the school board.

TRAINING

The department received numerous hours of in-house and outside training courses as follows:

- Certified Firefighter
- Incident Command Training
- Career Level Firefighter Course
- Hazardous Materials
- Driver Training for CDL's
- Live Burn and Air Pack Training

NEW FIRE TRUCK

The new fire truck was put into service at our South Weare Station. The 1500 gallon water capacity proved very efficient on several occasions.

LAKEVIEW STATION

The Lakeview Station was closed this year due to budget cuts. Deering Fire Department is now on automatic response for that area of town as a mutual aid department with a proximity of approximately five (5) miles.

HURRICANE

Hurricane Bob, in August of 1991, was responsible for the largest amount of man hours utilized within the department on a single day for the year. The Central Fire Station was set up as a command post for police and fire and was also utilized by the road agent. It was also used as a shelter during the height of the storm for several area residents.

GOODWILL SERVICES

Members of the Weare Fire Department volunteered their time and services to help park cars at John Stark Regional High School graduation ceremonies in June of this year, making the area much safer and more enjoyable for all in attendance.

Backup services were provided to the Weare Winter Wanderers during their ice races held this past winter.

EQUIPMENT

The following is a list of some of the equipment purchased by the Fire Department in 1991.

Protective clothing	Movement Monitors (3)
Tires (6)	Radio (1)
Breathing Apparatus (1)	Forestry Goggles (12)
Hand Tools	400' Assorted Hose
Nozzles, Fittings and Valves	

REPAIRS

All vehicles received thorough bi-annual inspection, tuneups, grease, oil and filter changes, and a complete check of all other mechanical parts.

BUILDING MAINTENANCE

This fall, the Central Fire Station was repainted, rain gutters installed, windows sealed, bay doors weatherstripped and the furnace was cleaned and checked.

FIREFIGHTERS NEEDED

If you are interested in joining the Fire Department, please contact Chief Chester Rhodenizer at 529-2505 or 529-2352.

DONATIONS

If anyone wishes to make a donation to the Weare Fire Department, please make checks payable to the Weare Firefighters Association or to the Weare Emergency Medical Services Association for rescue donations.

BUSINESS HOURS

Non-emergency business is handled daily at the Central Fire Station between the hours of 8:00 a.m. and 1:00 p.m., Tuesday through Friday and on Monday evenings between the hours of

6:00 p.m. and 10:00 p.m. The telephone number for the business line is 529-2325. A department secretary is on hand during these hours to answer any questions or receive information.

The Weare Fire Department would like to take this opportunity to thank all persons, committees, organizations, and departments for your continued support throughout the year.

Respectfully submitted,

Chester A. Rhodenizer, Fire Chief
Robert Richards, First Asst. Chief
Raymond Eaton, Second Asst. Chief

RESCUE SQUAD REPORT

In 1991 the rescue squad responded to 744 calls. For record keeping purposes our year runs from October 31, 1990 through November 1, 1991. Calls are separated into the following categories:

Medical Emergencies	144
Motor Vehicle Accidents	936
Fire Standby	17
Trauma	51
Advanced Life Support	64
Basic Life Support	181

These figures reflect all responses including walk-ins, Red Network and Police requests. The members of the Weare Rescue Squad would like to thank the Goffstown Fire Department, Dunbarton Rescue, Deering Rescue, and Henniker Rescue for their invaluable assistance over the past year. Weare Rescue responded with mutual aid to Deering, Henniker, Dunbarton and New Boston. One of the reasons our volunteer service continues to be successful is Mutual Aid. The Town of Weare is fortunate to be served by a dedicated well rounded staff of pre-hospital care providers. These members include a Paramedic, EMT-Intermediates, EMT-Basics, and a Registered Nurse. As a response unit we carry full Advanced Life Support capabilities including defibrillation, advanced airway management and cardiac monitoring. Training and skills retention continue to be priorities for the upcoming year.

The Rescue Squad gratefully recognizes and thanks all those members of the community that have donated time, services and money. Without your support, we would not be able to continue to provide our services at no cost to the patient. We would especially like to thank the following families for naming Weare Rescue as beneficiary in memoriam to their loved ones:

Bertram Hadley	Lucille Waterman	Mildred Chase
Nellie Perrigo	Esther Bancher	Paul Hadley
Doris Phelps-Colby	Malcom Purington	James Reade
Norman Dion	Daniel Crawford	

Money received has been used for training and expendable supplies. This past year we also purchased three portable radios to allow emergency communication between the officers. Anyone wishing to make a donation may do so by addressing it to Weare Emergency Medical Services, P.O. Box 58, Weare, NH 03281-0058.

As always, we are in search of volunteers: while we have been joined by several new EMTs, daytime coverage remains critically thin. If you are interested in a rewarding way of contributing to your community, please contact any member of the Squad or Weare Fire Alarm at 529-2379.

Once again, the members would like to thank everyone that has contributed in our success over the past year. In particular we would like to acknowledge the assistance of the Firefighters and Police Officers of the Town of Weare.

Respectfully submitted,

David Rivers, Captain

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. There were 450 wildland fires in New Hampshire that burned approximately 150 acres for an average size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, and working with other fire department members under the direction of the N.H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N.H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn, and help keep New Hampshire green! Thank you for being fire safe.

BOARD OF SELECTMEN

MERRILL J. SHEPARD
WILLIAM G. HERMAN
TERRY M. KNOWLES

COMMENDATION

ROBERT "BOBBY" REEVE
February 3, 1992

The citizens of the Town of Weare have always been proud of their town's natural beauty and over the years many parcels of property have been set aside for conservation and recreational purposes. These parcels include the Felch Farm consisting of several hundred acres of undeveloped land more commonly known as the Town Forest and Perkins Pond Marsh, a large wetland area used extensively for hunting, fishing and recreational activities.

One of the loveliest areas in Weare is a body of water known as Ferrin Pond. Located at a high elevation and accessible only by a footpath, this pond has remained pure and unspoiled over the years. It has been the hope of many that this area could be preserved in its present state for the enjoyment of future generations.

Primarily through the efforts of one individual, a portion of the property bordering Ferrin Pond was entered into nomination for consideration by the State of New Hampshire's Land Conservation Investment Program (LCIP). The process required many hours of work, not only in drafting the nomination papers, but also in acquiring the necessary monetary and real property "match" that is required to obtain grants from this program. Although several problems surfaced both during and after submission of the nomination, this individual did not give up on the project. Before the close of 1991, the Town received a deed to the parcel which insures that the property will be permanently protected and available for recreational use and enjoyment by the citizens of the Town of Weare.

It is with a great deal of pleasure that the Board of Selectmen commends Robert "Bobby" Reeve for the major role he played in acquiring this parcel of property, and, on behalf of the citizens of Weare, we extend our thanks for a job well done.

Given this day under our hands and seal of the Town of Weare, New Hampshire, on the third day of February, in the Year of our Lord, Nineteen Hundred Ninety-Two.

Merrill J. Shepard
William G. Herman
Terry M. Knowles

ATTEST: *Beverly M. Herman*
Beverly M. Herman, Town Clerk
Weare, New Hampshire

TOWN FOREST REPORT 1991

The Ferrin Pond Forest is now officially a part of our Town Forest. Through the New Hampshire Land Conservation Investment Program (LCIP), the Town of Weare received a grant of \$120,000 to acquire this magnificent 100 acre parcel of land which borders on Ferrin Pond. This expands the Town Forest land to over 950 acres.

Through most of the year the market for fair quality pine has remained poor. Going into December there are slight signs of improvement in this market as some mills have depleted their log inventories. With a good freeze and snow, we hope to complete a cut that was abandoned two years ago.

During the year we did boundary maintenance work on the four Town Forest parcels. This is over 11 miles of blazing and painting boundaries.

Beginning next spring the Conservation Commission will be developing hiking trails in various parts of the Town Forest. Volunteers make the effort more enjoyable and less expensive. We have many beautiful spots worth seeing in our Town Forest lands. If you are interested please contact the Conservation Commission through the mail. They will contact you as the plan unfolds.

Respectfully submitted,

Robert Reeve

HEALTH REPORT

During the year 1991, the Health Department conducted various inspections.

There were a couple of septic systems that needed to be repaired. There were also three day care programs inspections and three or four foster home inspections, to comply with State Regulations. School visits were made and resolved regarding odors.

Many visits were made, in a couple of instances, regarding health regulations for cleaning purposes and which are ongoing. Papers were signed for activities during the summer, as well as a few other health incidents which are ongoing.

Respectfully submitted,

Evelyn Reade, R.N.
Health Officer

HIGHWAY DEPARTMENT

Although winter appeared to be somewhat delayed by milder than normal temperatures, we did manage to receive our fair share of snow but more sleet and rain. Many will agree that sleet and rain poses a more difficult road condition for both our citizens and Highway personnel to deal with. Several times we were forced to repeat applications of sand and salt during a single storm, in order to make our roads safe and passable. Therefore, a milder than normal winter does not necessarily mean a less expensive one! As our Town continues to grow, the acceptance of new roads will proportionately increase maintenance costs. In 1991 we added an additional three miles of road to our existing 95 miles of maintained roads. Early estimates indicate the cost of repair or replacement of our 16 existing bridges will run into the millions.

This year tree cutting was done on Quaker Street, Chuck Street, Upper Craney Hill Road, Nichols Road, Mountain School Road and Sugar Hill Road South. A culvert was replaced on Center Brook Lane and installed on Mountain School Road. Underdrain and culvert were placed on Peacock Hill Road. Ditches and culverts were cleaned on Barnard Hill Road, River Road, Abijah Bridge Road, Sugar Hill Road South and Mt. William Pond Road. Guardrails were installed Barnard Hill and replaced on Sugar Hill Estates. On Thorndike Road, a ditchline was blasted and a culvert installed that will eliminate icing of the road this winter. Improvements to the turn-around and cul-de-sac began on Apple Way. Also, Abijah Bridge, over Dudley Brook, was re-decked.

This past spring, the Highway Department was successful in returning approximately \$11,230.00 to the General Fund from the sale of surplus equipment at the State Auction. In the fall, we were able to purchase two used dump trucks, through State Auction. These will be replacing trucks that if repaired, would have exceeded the value of the vehicle.

The Highway Department purchased and installed a new antenna placing it atop a used 70 foot pole and wired to a used 100 watt base radio. This was desperately needed to improve vehicle communications. This undertaking was particularly helpful during the Hurricane Bob operation. We were able to remain in constant contact with our trucks and dispatch crews with little time loss. The Highway Department will be eligible for 87 1/2% reimbursement of damages from FEMA and the State of New Hampshire, as a result of this storm. We expect the amount of damages to be approximately \$9,500.00. Damages consisted mostly of tree and debris clean-up. Several roads washed significantly enough that it will necessitate some gravel replacement on Burnt Hill and Bart Clough Roads.

Some debris still remains to be cleared from the roadside. We were fortunate that just prior to Hurricane Bob, the Highway Department had finished repairs associated with the August 1990 FEMA declared disaster. Upon completion, we received the State reimbursement of 12 1/2%, translated to \$1,141.00. The total cost of repairs exceeded FEMA's estimate and we have requested reimbursement for 87 1/2% of the \$5,800.00 overrun.

This past year, the Highway Department also began the upgrading of Mountain and Mountain School Roads. Excavation began in the spring and we continued with tree and stump removal, stone wall rebuilding and gravel placement. This project is now 90% complete and expected to be finished in 1992. We are hopeful that the Town will appropriate the funds necessary to complete and tar this heavily developed roadway.

Roads shimmed in 1991 were Mt. William Pond, Oak Hill Road, Depot Road, Quaker Street, Peaslee Hill Road, River Road, and Sugar Hill Road South. The sweeping and sealing of the following roads were completed in July: Salmen Road, Walker Hill Road, River Road, Clough Park Road, Peaslee Hill Road, High Street, Quaker Road, Reservoir Drive, Short Street, Gould Road, Perkins Pond Road, Lull Road, Mountain Road, Mt. William Pond Road and the Town Office Parking Lot. Sugar Hill Road South was overlayed by Pike Industries, as it was badly needed.

Our new Dresser Grader arrived in July and was put to immediate use. Our Caterpillar Grader needed some extensive overhauling and repair work. Thankfully, we were not left without a grader during this repair period.

In August, the new fuel pumping system was installed by Eagle Petroleum with some assistance from our department. Once removal of the old existing tanks took place, it was determined that a leaking tank had caused some soil contamination. If this situation had continued for another year, we would have lost fuel dollars and been faced with a more expensive clean-up cost. Our new system is benefiting all Town Departments that use it. We are now able to purchase fuel in larger quantities at a less expensive cost per gallon. Accuracy for vehicle and equipment usage has greatly improved! The areas that were disturbed by excavation had walkways constructed and landscaped by Highway personnel. Painting and trimming of the Highway building began in the fall and hopefully we can complete it in 1992.

As we approach the end of 1991, most of our efforts will concentrate on fall grading, preparation of equipment for winter maintenance and road/street sign installation. Many of our signs were damaged during the year and will be costly to replace in terms of materials and manpower.

In 1991 we were successful in recapturing approximately \$2,800.00 in damage assessments on our roads. We also managed to perform somewhere near \$2,000.00 worth of labor for various Town Departments. The largest contribution was the construction of the road leading to the Transfer Station Recycling Bin and Building.

Optimistically, the \$116,000.00 projected Highway Block Grant revenues we anticipate for 1992, will help us to accomplish all of our goals. Finally, we hope that a pending FEMA Mitigation Grant, targeted for improvements to the Newman-Wilson Bridge area, will receive final approval and see completion in 1992. This grant award will provide matching funds of approximately \$10,000.00.

In closing, we would like to thank all taxpayers and citizens for their support. We trust that even during these difficult economic times, we will be able to continue to count on your support.

Respectfully submitted,

To the people of Weare

From the Office of the Road Agent and
Highway Department Personnel

New Dresser 850 - Grader

WEARE PUBLIC LIBRARY REPORT

The Weare Public Library Trustees, Selectmen and Building Advisory Committee worked diligently during 1991 to bring Phase I of the expansion project to completion. A unanimous vote of the Town Meeting in March set the process in motion.

Gary Chicoine Builders was awarded the bid contract in May 1991. The building was completed with the upper lever ready for use in September.

Battling dust and noise, the ever present components of construction, staff and volunteers labored under difficult conditions to keep the library running smoothly. Service to the public was uninterrupted except for one day, August 19.

Phase II, consisting of a children's room and meeting room, is expected to be completed in the spring. Money for this part of the project comes from a federal grant of \$28,000 with matching funds from the Sawyer Charitable Trust, Mr. John Pierce and Library Trust Funds. None of the matching money comes from any additional Weare taxes. The total space would be very comfortable for the near future and will be adequate for many years to come.

Residents responded to the building program by coming in greater numbers to use the improved facility. More than 2100 people have registered to use the library. This does not include the many children who are not yet of school age because they are not assigned a registration number until they enter first grade. This year the number of books checked out was 32,222, a 23% increase over last year. The overall picture since 1986 shows a 94% increase. There has not been a corresponding increase in personnel to serve all these people.

Relief of this situation will result when the children's room is completed on the lower level and the necessary personnel are employed to operate it. There is no indication that library usage will decrease in the future. This is the Age of Information and the Weare Public Library is in the business of providing information to the citizens of all ages.

This past year has shown that Weare residents truly support the Library. Our many thanks and deep appreciation to all who have given their support, time, money and materials in order to improve library service.

Respectfully submitted,

Bessie Myhr
Library Director

Weare Public Library
(new addition)

PARKS & RECREATION COMMISSION

Due to the bleak economy at the beginning of the summer, it was gratifying to complete the season with an all-time high. Improvements and additions to present facilities have been accomplished within the budget, minus our portion which we had to return making up that amount which was cut from the Town's total budget at the March Town Meeting.

The weather averaged about 78.6 degrees throughout the summer -- 13 days below 70 degrees; 6 days showery; 3 rained out days, and two closing days August 19 -20 due to Hurricane Bob creating heavy rains and high winds. No damage was reported, only high water level, about one foot above high water mark.

Anticipated revenues surpassed 1990 sales at Chase Park and our daily reports revealed the following: 843 residential family season tickets including second vehicle decals; 40 residential senior citizens; 933 non-residential, both adults and children; 160 non-residential boat launchings and 55 resident boat launchings; 12 applications requesting use of the park as family, organized groups, outings and fishing clubs competitions. There were also 81 enrolled in the Red Cross Swimming Program; in addition, private swimming lessons were offered. Hopefully we will continue the same programs for the 1992 season.

The new changing room facility was in use but vandalism damaged two doors which will be repaired. Two new high-pressure, sodium street lights have replaced the old lights which were vandalized. These lights are leased and have been installed by Public Service Company of New Hampshire. Ten new picnic tables were also added to the inventory.

The "Hood Memorial Tennis Court" was officially named at the 1991 Town Meeting. Flood lighting has been completed to accommodate the increase in activities and the after dark playing. Non-duplicative tennis court keys are available for use. Those who have obtained a key may return it at your convenience. Three lights and combination locks have been vandalized beyond use. High-pressure, sodium street lights have now been installed near the Parks and Recreation pole at the corner of the American Legion. These lights are leased and installed by Public Service Company of New Hampshire. This will provide lighting to facilitate parking for the American Legion, Paige Memorial Library, Town Hall events and Tennis Court.

The "Purington Memorial Field", on Salmen Road, was named at the 1991 Town Meeting. In addition to its Little League Ballfield, the playing area has been enlarged to accommodate the Babe Ruth and Men's Softball regulations. With 265 children in the league's program, this facility has proven to be a worthwhile effort. A chain link fence was installed at

the soccer field to separate the wetlands. Grounds have been graded, leveled, seeded and in use for the 1991 season. The Snack Bar building has proven its need, and electricity was installed earlier in the season.

The "Weare Center Park" and "Gazebo" will be a new addition to the Parks and Recreation budget beginning in 1992 because there were no funds in the 1991 budget.

The Commission wishes to thank individuals, the Garden Club, and members of the Historical Society for the care it shared plus those who created and founded the site.

Respectfully submitted,

Howard Ineson, Chairperson

"GAZEBO"

PLANNING BOARD

The Planning Board has met this year a total of 32 times ranging from regular meetings, public hearings, administrative hearings, and work sessions. Due to the continued slowdown in the market, the Board has received and reviewed 40 lots, 31 lot line adjustments, 12 site plans, 4 bona fide gifts and held 32 preliminary discussions which are less than the previous year. Therefore, the Planning Board Office is now open 15 hours per week rather than 20 hours per week.

The Board has continued working on revising the Subdivision Regulations and will be presenting the public with a final draft this year. With the increasing complexity of plans and the changes in the State Statutes this revision should bring the Town's Regulations up-to-date.

This next year the Board will be updating the Master Plan and hopefully instituting the Capital Improvement Plan. The Site Plan Review Regulations and Minimum Road Construction Standards will also be updated. The Board looks forward to all public input in formulating these updates.

Chuck Bolton is no longer a member of the Board and we would like to take this opportunity to thank him for all the hard work and time he has given to the Board. We would also like to welcome Janet Benson and Carole Perkins to the Board.

As always the Board looks forward to another year of serving the public, and welcomes all concerned citizens to attend meetings and join the Board in ensuring the development of a safe and prosperous community.

Respectfully submitted,

William Lefebvre, Chairman

POLICE DEPARTMENT REPORT

ACTIVITY

Marked increases were noted in 1991 for vandalism and similar crimes involving juveniles. Many incidents of damage or theft of street signs and mailboxes were solved during the year and resulted in court appearances. Some of the juveniles were dealt with by the court's juvenile diversion committee. This is a one time opportunity for a juvenile offender to perform community service, pay fines and restitution without incurring a criminal record.

Indictments were handed down by the Grand Jury for five suspects involved in home burglaries. Also indicted were four suspects for felony drug possessions and another suspect for kidnapping and witness tampering. These cases involved considerable time for officers to complete investigations and prosecute them in court. The department has been extremely limited by the lack of full-time officers and many other cases had to be assigned a lower priority.

The Animal Control Officer dealt with more complaints than ever before with a result of increased fines being returned to the Town. The adoption of the alarm ordinance has slowed false alarm calls and also provided funds to the Town for penalties assessed.

STAFFING

Two new part-time officers were hired making the total compliment of officers to be the Chief, one full-time officer and seven part-time. The increase in criminal investigations resulted in less time available for motor vehicle enforcement and substantially less DWI arrests. The limited availability of part-time officers to conduct investigations has required one full-time officer and Chief to handle some of these cases and court prosecutions as well as new cases. The tremendous case load currently being handled has resulted in decrease in efficiency and proper investigations.

After budget reductions mandated by Town Meeting, the Police Department was not able to assign an officer to cover vacations and holidays. This required State Police to respond to calls and a serious delay in response time was the result. Only one trooper is normally available and he must also handle calls in all the other Towns.

EQUIPMENT

The department has two cruisers, a 1988 with 130,000 miles and a 1991 with 30,000 miles. Repair costs for the 1988 are extremely high and the car should be replaced. With only two vehicles, costs for personal vehicle mileage went from nothing last year to over \$1,000 in 1991, mostly for the Animal Control Officer to answer calls. A cruiser has not been available for officers to take home for emergency callout at night nor for backups. At times, both cruisers have been in for repairs, leaving the Town without a vehicle to answer calls.

The department needs to add a base radio in the police station and replace two portable radios. The need for dependable communications became very apparent during Hurricane Bob and is a safety measure that cannot be put off. Also required is generator power at the police station so operations do not have to be shut down during a power outage as was done during the hurricane.

Under the leadership of Road Agent Lloyd Bailey, the Highway Department in 1991 maintained and repaired the cruisers, saving the Town considerable money. The fuel system installed at the Highway Garage reduced the gas costs almost 50%.

PUBLIC RELATIONS

A fourth Neighborhood Crime Watch group was formed in 1991 and communications with these groups has resulted in the arrest of suspects and good leads on criminal activity. More time is needed to work with these groups on crime prevention. Crime prevention education in the schools is also needed but can only happen if more full-time officers are made available. The NH State Police DARE program was conducted again and in 1992 it will be introduced at John Stark Regional High School, the first in the State.

Expectations are that in 1992 criminal activity will continue as high as in the past year. For the Town of Weare to even meet minimum standards in combating crime, serious considerations must be given to funding the department. All Weare officers are dedicated individuals that try their best to give the Town protection, but each is subject to human limitations. As always, it is a pleasure to serve you and look forward to a better year in 1992.

Respectfully submitted,

David M. Mason
Chief of Police

TRANSFER STATION

Important changes in material disposal have occurred during 1991. Two new programs were implemented -- a Household Hazardous Waste Collection and expanded recycling.

The hazardous waste collection was held on Saturday, June 1st, at the Highway Department parking area. Clean Harbors of Natick, Inc., was the contractor for handling, transportation and disposal of materials. About fifty households participated and as a result safe and proper disposal was accomplished, making residences and the environment safer for habitation. Prior to the event educational programs were presented in all of the Weare schools including take-home handouts. Goffstown and New Boston had collections on the same day enabling some cooperative efforts on publicity through various media. We appreciate their help and planning assistance for our first program. The program was enthusiastically supported and was felt to be very worthwhile by those participating. The Town received a grant of \$1,548.25 from the NH Department of Environmental Services toward funding the program which had a total cost of \$11,449.75 not including the time of town employees.

During the summer the new recycling facility was constructed by Henniker Crushed Stone, Inc., the general contractor. Designed for possible future expansion if needed, it includes a covered drive-through drop-off and storage area and a small enclosed compartment. A roll-off container was purchased for storage and transportation of recyclables which go to BFI's Hooksett Recycling Center for processing and marketing on behalf of the Town. The Town received a \$10,000.00 grant from the Governor's Recycling Program, Office of State Planning, which was applied toward constructing and equipping the facility. An educational mailing was sent to all boxholders and two public informational meetings were held prior to using the facility early in October. Meetings have been held with stores and other businesses in town to help them in converting to the program. The Middle School has developed a recycling program with Center Woods School to follow. Following the six month time period for voluntary participation, recycling in Weare will become mandatory effective April 1, 1992. Provisions have been made for checking compliance and for penalties which we hope will not have to be assessed. Since starting the program, voluntary participation has been at a good level and enthusiasm has been very evident. Prior to using the new facility, the following items and quantities had been recycled in 1991: newspaper, 42.29 tons; scrap metal, 116.48 tons (\$69.48 tons brought income for the first time in several years); aluminum cans, 2.33 tons; used motor oil, about 10 barrels; and about 150 vehicle batteries. The flea market/exchange table provides for reuse of many items rather than having them destroyed. Articles are also donated to Weare Charities and Weare Cares.

Transportation of household rubbish to the incinerator at Penacook and of construction materials to the landfill at Bethlehem has functioned smoothly. Our quota for the cooperative for its 1992 year has been reduced significantly due to anticipated recycling volume; it is 2700 tons compared to 3168 for 1991. We are fortunate to be a member of the cooperative with our 1992 tipping fee of \$38.45 per ton; another trash-to-energy plant in the state is charging \$96.00 and landfilling our rubbish would cost \$57 - \$65 per ton. By publication time of this report we will have received a monetary payment from the coop as an incentive based on our volume of recycling which they encourage. In spite of the slow economy, our previous estimates of construction material are being exceeded; however, the tipping fee did not increase during the year. Through October we shipped 292.5 tons.

Since the landfill at Merrill Road was established in 1978, discarded tires have been accumulating with no program to dispose of them. As well as harboring insects and rodents, their presence creates potentially severe danger in case of fire which gives off toxic smoke and hazardous liquid petroleum substances. Estimates are that we have ten or more semi-trailer loads. We have included in the budget some funds to begin a systematic program to remove tires.

Disposal of septic waste continues at the receiving lagoons. It appears likely that permitting of this disposal method may be terminated in a few years. We are monitoring this situation and are also managing the present system so we can utilize it as long as possible since, compared to neighboring towns and cities, it is very economical in terms of operation and disposal fees.

We greatly appreciate the suggestions, cooperation, and assistance which has been given during the year by residents, businesses, town officers, town departments, and suppliers. During 1992 the pace and volume of recycling in Weare will increase greatly, bringing further educational and managerial challenges for all of us. By working together we will be successful.

Respectfully submitted,

William P. Martin, Manager

STATE OF NEW HAMPSHIRE

OFFICE OF THE GOVERNOR

JUDD GREGG, GOVERNOR

October 22, 1991

Merrill Shepard, Chairman
Board of Selectmen
PO Box 300
Weare, New Hampshire 03281

Dear Mr. Shepard:

Congratulations to the Town of Weare on a job well done. Your recycling program is an excellent example of how a community can creatively manage its solid waste.

It is a pleasure for the Governor's Recycling Program to provide assistance to the town. By the State and municipalities working as a team, recycling is becoming a major form of waste disposal in New Hampshire.

Enclosed please find your Recycling Grants check in the amount of \$10,000. If you ever have any questions or concerns pertaining to recycling, please contact my recycling office at 271-1098.

Sincerely,

A handwritten signature in cursive script, appearing to read "Judd Gregg".

OVERSEER OF PUBLIC WELFARE

It will come as no surprise to the reader that we are in a crisis of gargantuan proportion. The downturn of the economy has hit all aspects of life in New Hampshire, but in no measure greater than the citizens of Weare who are without work. Requests for public assistance were at a record high in 1991, as reflected in the statistics below.

YEAR	REQUESTS RECEIVED	REQUESTS APPROVED	APPROVAL RATE
1989	33	30	91%
1990	54	49	91%
1991	138	104	75%

The Town Poor program cost the Town of Weare \$100,457.00 in 1991, an increase commensurate with the need and directly correlated to the loss of jobs in the State. The greatest number of requests during 1991 was for food and fuel, but the greatest expense was for rent and mortgage payments for those applicants who otherwise would have been evicted or would have had their mortgages foreclosed upon. All applicants who were eligible to do so agreed to reimburse the Town of Weare when and if their present situation improves. In 1991, applicants reimbursed the Town \$11,418.00 which reduces our net expense to \$89,039.00 (9% over budget). In addition, all applicants who are eligible have had a lien placed on their property in the amount equal to that received from the town in the form of public assistance. This is all in accordance with the Welfare Guidelines adopted by Town Meeting.

We are fortunate in Weare to have among us citizens who care enough for their town and the people in it to quietly give of their time and their substance. This Overseer has been in Weare a short seven years; yet, in that short time, he has become keenly aware that for easily twenty years, certain individuals and groups have been very generous, and have preferred to remain in the background. That preference will certainly continue to be respected. However, they know who they are, and we owe them a great debt of gratitude. Without their assistance and their generosity, the amount of tax dollars spent would easily have been doubled.

In addition to those generous souls, WEARE CARES continued this year to provide one central place and group to coordinate holiday food and gift giving. At each of the major winter holidays, 104 families were afforded a "basket" of food which included enough canned goods for four days, a loaf of bread, a gallon of milk, a dozen eggs, fresh vegetables and (in most instances) a turkey. In order to pull off such a feat, the WEARE CARES committee convened enough times to plan food drives, arranged for the checking and sorting of the donated food, arrange for cash to purchase fresh food and

turkeys, "build" the baskets, and deliver them throughout the town. No sooner had Thanksgiving baskets been delivered than Christmas was upon us, and the process started all over again.

Of special note are the youth of Weare. Although a tough year for everyone, the greatest source of enthusiasm came from the young people. And in addition to this spirit, our youth - through school leaders - were responsible for the collection of over 35 cases of food. Scouting units were equally generous and a source of enthusiasm to help their fellow Weare-ites.

The myriad of private donations were a source of joy for over 100 families, which included approximately 300 children. Through the quiet generosity of these private donors, families were able to maintain their unity and their pride.

Respectfully submitted,

Ed Carignan

CABLE ADVISORY COMMITTEE

We are pleased to report that the first activation for Weare cable subscribers took place in late August, 1991. As soon as an area is available for activation, residents are notified that service is available. It is expected that all areas of Weare will be activated by early 1992.

Sometime in 1992, the Town expects to receive the equipment package that was negotiated in our franchise agreement. Part of this package will include a character generator that will enable us to broadcast a community bulletin board of events on our own Weare Channel 46. Our committee is now working on guidelines and format for this service.

Also, as part of our franchise agreement, training will also be made available to interested citizens. Those people who have expressed interest in the equipment aspect will be called to participate in training sessions.

We are still looking for people to serve on our committee. There will be many things you can do other than get involved in the technical side of cable. If you feel you might be interested, capable of attending occasional meetings and willing to devote time and effort as assignments require, please contact the Selectmen's Office.

Respectfully submitted,

Janice O'Connell
Weare Cable Advisory Member

WEARE HISTORICAL SOCIETY

Progress was the 1991 watchword for the Historical Society. An active group of Weare residents got things done.

The Center Park and bandstand took on a more finished appearance. The dirt piles in the field area that weathered the winter were leveled, raked and seeded in the spring, and more underground drains were installed. We were delighted to have some county jail inmates "volunteer" their efforts, but they couldn't hold a candle to the work of Ray Banks, Charlie Brown, Neil Chapman and Guy LaPorte. Chinese Chippendale railings were added to the bandstand, thanks to Lorry Fottler who made them and Tim Maskiell who painted them. The ladies' Garden Club, under Grace Gregg's leadership, continued its flower planting program and also decorate the bandstand with Christmas wreaths and ropes.

Volume III of the Weare pictorial history was published in late June. It covers homes in the central and southern parts of town and is as attractive as the first two volumes. Volume IV on East Weare is in process. Janet Smith and a board of editors have worked diligently on this project.

The Society purchased a slantfront desk made in Weare in 1823 by Samuel Emerson. According to the New Hampshire Historical Society, it is one of two slantfront desks in the state on which the place, date and maker's signature appear. William Little's History tells us that Emerson was "a joiner, cabinet maker and farmer, and located on lot six in the gore. He carried on the cabinet business [in Weare] from 1810 to 1836, employing a number of hands.

A booklet about Weare written by some of its younger students was sponsored by the Society. Entitled "Abijah to Zepheniah: A Book of Weare Tradition," it culminated a three-year effort by students, teachers (inspired by Lou Politt), community volunteers (led by Jan Bidwell) and members of the Society.

A new sign painted by George Hollis graces the lawn of the Stone Building, identifying it as the home of the Society. Frank Campana made the post and the sign itself."

A variety of programs and activities were organized and presented. There was an appraisal day, a skating party on Duck Pond, a dramatic reading by Sandy Shaw and George Bougher from the diary of Minnie Locke (a resident of Weare in the 1850's), a Christmas crafts demonstration workshop, and a Christmas tree lighting and caroling at the bandstand.

CONCORD REGIONAL VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association continues to offer three major health services to the residents of Weare: Home Care, Hospice and Health Promotion.

Home Care Services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional and paraprofessional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functions of the patient within the least restrictive setting.

Hospice Services provide professional and paraprofessional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's life by helping him/her remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special physical, emotional and spiritual needs. This is a Medicare Certified Hospice Program in New Hampshire.

Health Promotion Services focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Emphasis is on promoting healthy children, families and individuals through early intervention and health teaching. Services rendered in the clinic setting are: child health, family planning, sexually transmitted disease, adult screening, immunizations, and HIV (AIDS) testing and counseling. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior Health services are provided at congregate housing sites. Professional and paraprofessional hourly home services are provided on a private fee-for-service basis. Health education and instruction are part of each home visit or clinic visit.

Anyone in Weare may request service: patient, doctor, health facility, pastor, friend or neighbor. All requests are answered, but continuing home care will only be provided with a physician's order.

A call to the Concord Regional Visiting Nurse Association (224-4093) between the hours of 8:00 a.m. - 4:00 p.m. seven days a week is all that is necessary to start services or make inquiries. A nurse is on call for hospice and home care patients: (224-4093) 4:00 p.m. - 8:00 a.m. daily.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for the individual without health insurance and/or who is unable to pay the full charge.

However, to fee scale, federal regulations require a financial statement be completed by the patient or responsible person. Town monies subsidize those visits that are scaled or for which no fee is collectible.

This agency is certified as a Medicare/Medicaid Provider, licensed by the State of NH and is a member agency of the United Way of Merrimack County.

Total visits made during the year October 1, 1990 through September 30, 1991:

	<u>No. of Clients</u>	<u>Visits</u>
Home Care/Hospice	36	1,308
Health Promotion	70	92
Total	106	1,400

1 Flu Clinic

CONCORD REGIONAL SOLID WASTE/RESOURCE RECOVERY COOPERATIVE

I. 1992 Budget:

	<u>Item Budget</u>	<u>Subtotals</u>
1. Wheelabrator Concord Co. Service Fees Reconciliation & Recycled Tons Rebates		\$2,519,564
2. Bypass Disposal Cost Reserve		125,000
3. Franklin Residue Landfill		
(a) Operations and Maintenance	\$792,567	
(b) Bond and Loan Payments	445,658	
(c) Expansion Sinking Fund	552,497	
(d) Closure & LTM Fund	<u>143,369</u>	
4. Cooperative expenses, including consultants & studies		\$1,934,091 <u>383,080</u>
Total 1992 Budget		\$4,961,735
Less: Portion of interest, surplus, recycled tons, & communities over GAT applied to 1992 Budget		<u>-904,299</u>
Net - to be raised by cooperative Member Municipalities		\$4,057,436
1992 GAT of 105,525 tons & net budget of \$4,057,436 = \$38.45/ton		

II. Summary

November 30, 1991, completed our second full year of operations. During the year we installed and now have operable a 180,000 gallon additional leachate storage tank at the Franklin residue landfill to assist us in the handling of leachate now and in the future. Earthwork construction was completed this fall in anticipation of Phase II construction of the double liner and leachate collection system which, when completed, will coincide with the completed filling of Phase I late this summer. Once again our landfill operator, J. D. McLeod, has done an outstanding job in operating and maintaining the site. The required monitoring of the ash, leachate, groundwater and storm water has consistently produced satisfying results. Leachate disposal arrangements at the Winnepesaukee River Basin Plant have been working very well and we are fortunate to have this vital link in our area.

While our delivered tonnage of 102,200 was 3% less than the 1990 figures (solid waste disposal continues to follow the ups and downs of the economy) we were still able to hold our increase to a dollar a ton making the 1992 budget a \$38.45 per ton tipping fee which covers all of our operating costs, debt service, and the Expansion and Closure/Long Term Maintenance Funds. Your Cooperative's Representatives have done an outstanding job this past year in overseeing the Project. They deserve many thanks for their extra efforts during the year.

Respectfully submitted,

Ronald H. Ford, Project Director
William G. Herman, Chairman

SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

All dues-paying members of the Southern New Hampshire Planning Commission are offered a wide range of services, resources and technical assistance by a professional planning staff who, from time-to-time, are assisted by specialized consultants on an as-needed basis. Under the direction of your representatives, the staff develops and carries out planning programs that require a regional perspective, as well as those which pertain more directly to your community.

Local planning assistance requests are generally received from your Planning Board and/or Board of Selectmen. With the concurrence of the Commission, certain general studies are conducted, notifications made and training workshops held that are considered essential for all member municipalities.

Services that were performed for the Town of Weare during the past year are as follows:

1. Provided testimonies to House and Senate committees in support of HB 391 dealing with impact fees. The Planning Board was notified of the final outcome.
2. Co-sponsored the Municipal Law Lecture meetings. These meeting were attended by Weare Officials.
3. Conducted a six-hour training workshop for the planning board members. The Weare Planning and Zoning Boards were invited to that workshop.
4. The population projections for the town are being revised to be used in the Master Plan Update.
5. Staff efforts are being devoted to preparing a computerized wetlands map for the town, using the National Wetlands Inventory of the U.S. Fish & Wildlife Service.
6. Rewrote the Earth Products Ordinance to be in compliance with RSA 155E.
7. Provided suggested amendments to Subdivision and Site Plan regulations and the Building and Permit Ordinance to conform with National Flood Insurance Program requirements.

8. Provided a suggested schedule for 1991-1992 Zoning and Building Code amendments to be voted upon at the March Town Meeting.

Weare's Representatives
to the Commission are:

Mr. William G. Herman
Mrs. Terry Knowles
Mr. William Lefebvre

Executive Committee Member:

Mr. William G. Herman
Chairman

Respectfully submitted,

M.N. Sharma, Executive Director

WEARE ATHLETIC CLUB

The Weare Athletic Club is a non-profit organization run by local townspeople on a volunteer basis. It was started in 1989 to promote and organize recreational activities for residents in the Town of Weare. The Weare Athletic Club teaches sport fundamentals, team work and good sportsmanship. Our organization operates primarily through fundraisers, registration fees, business sponsors and volunteerism. Our program is open to any child in grades readiness through 8th grade (baseball up to age 15) and no child is turned down for any reason. We now concentrate on sports for children; basketball, baseball, softball, cheerleading and soccer, but in the future would like to expand into adult sports. We would like to start a Volleyball League in September.

The Baseball-Softball Program had 337 children in grades readiness through 8th grade (age 15). There were 24 teams and 4 teams came in 1st place in their division.

The Soccer Program had 340 children in grades readiness through 8th grade. In 1991 it was expanded to children in pre-readiness on an experimental basis.

The Basketball Program had 300 children in grades readiness through 8th grade. Out of 10 teams in the Merrimack League, which included basketball and cheerleading, 5 teams finished with trophies. There were 5 Cheerleading Squads in the Merrimack League.

The Weare Athletic Club had many fundraisers in 1991 -- the Donkey Basketball Game, the Carnival on Memorial Day Weekend which we cosponsored with the Weare Firefighters, the 4th of July activities, dances for grades 5 through 8, and the concession stand for all our sports and our Christmas Tree Sale.

The Weare Athletic Club spent \$31,000.00 in 1991 for uniforms, equipment and administration fees.

Our organization is in need of more volunteers. We welcome new members. The Weare Athletic Club extends their thanks and appreciation to the townspeople for your continued support throughout the year.

SERVE YOUR COMMUNITY

Town government needs citizens who are willing to give time in the service of their community. The Talent Bank is organized as a means of compiling names of citizens willing to serve, voluntarily, on boards, committees and as resource people. Names in this file are available for use by the Selectmen and the Moderator, as well as all Town Offices.

Talent Bank files will be updated to include categories consistent with changing needs of the Town. Complete the questions, indicate your areas of interest and return to:

Town Government Talent Bank
c/o Board of Selectmen, Weare, NH 03281

Name: _____

Address: _____

Telephone: _____

Occupation: _____

Background Experience: _____

Nights Available: _____

List Order of Preference:

_____ Board of Adjustment

_____ Cable Advisory/Technical Board

_____ Citizens Advisory Committee for Solid Waste

_____ Conservation Commission

_____ Finance Committee

_____ Planning Board

_____ Parks & Recreation Commission

_____ Other:

The drawings were created by Weare School students as part of a "Design the Sign" contest under the direction of the Weare Middle School Honor Society and Mrs. Sue Cloutier to promote community spirit and to replace the former "Welcome to Weare" sign.

The Board of Selectmen have chosen five finalists and ask the Weare townspeople to make the final decision. Place your vote for the drawing of your choice at the March 14th Town Meeting.
